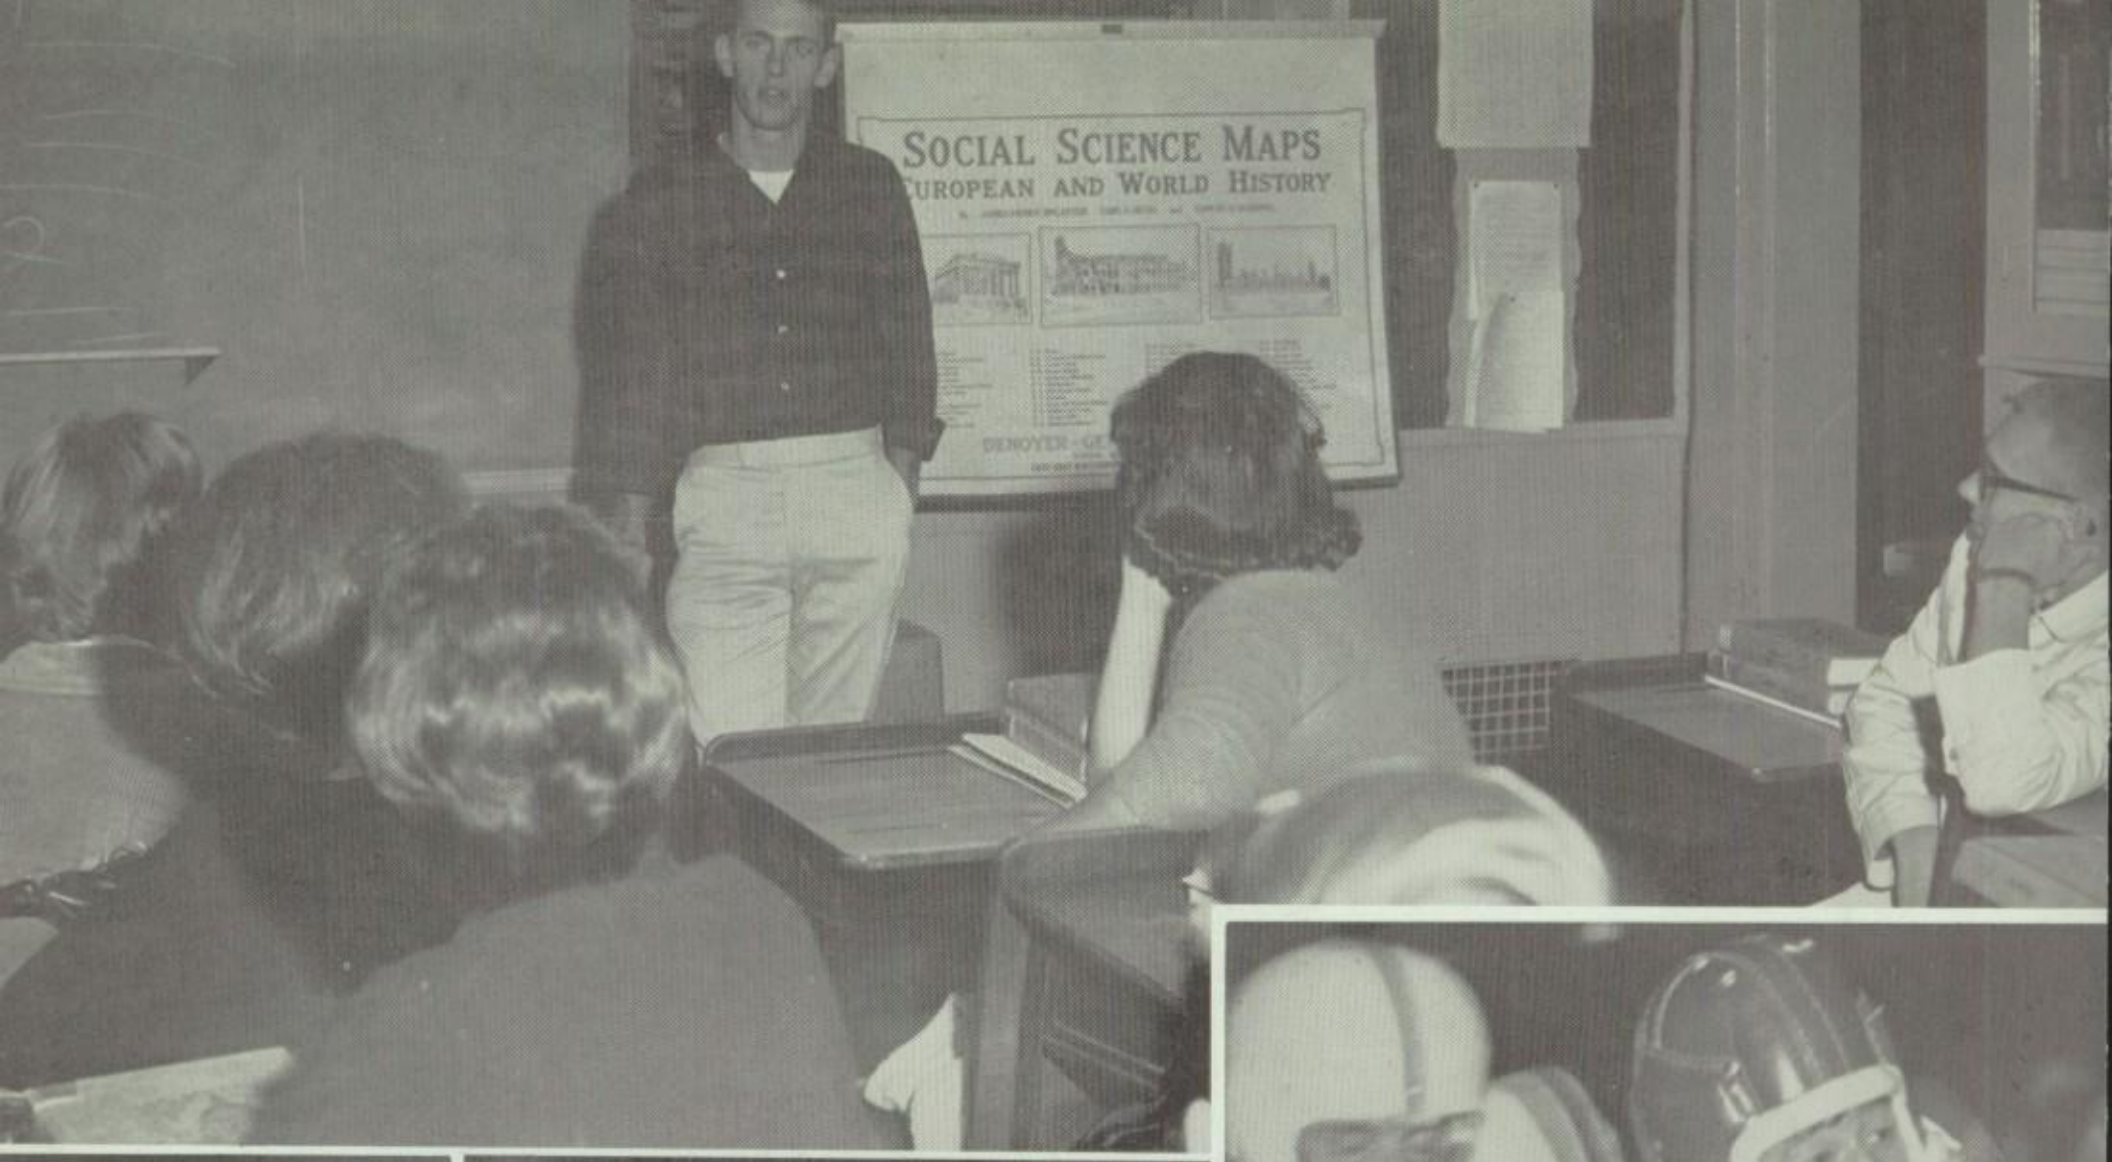
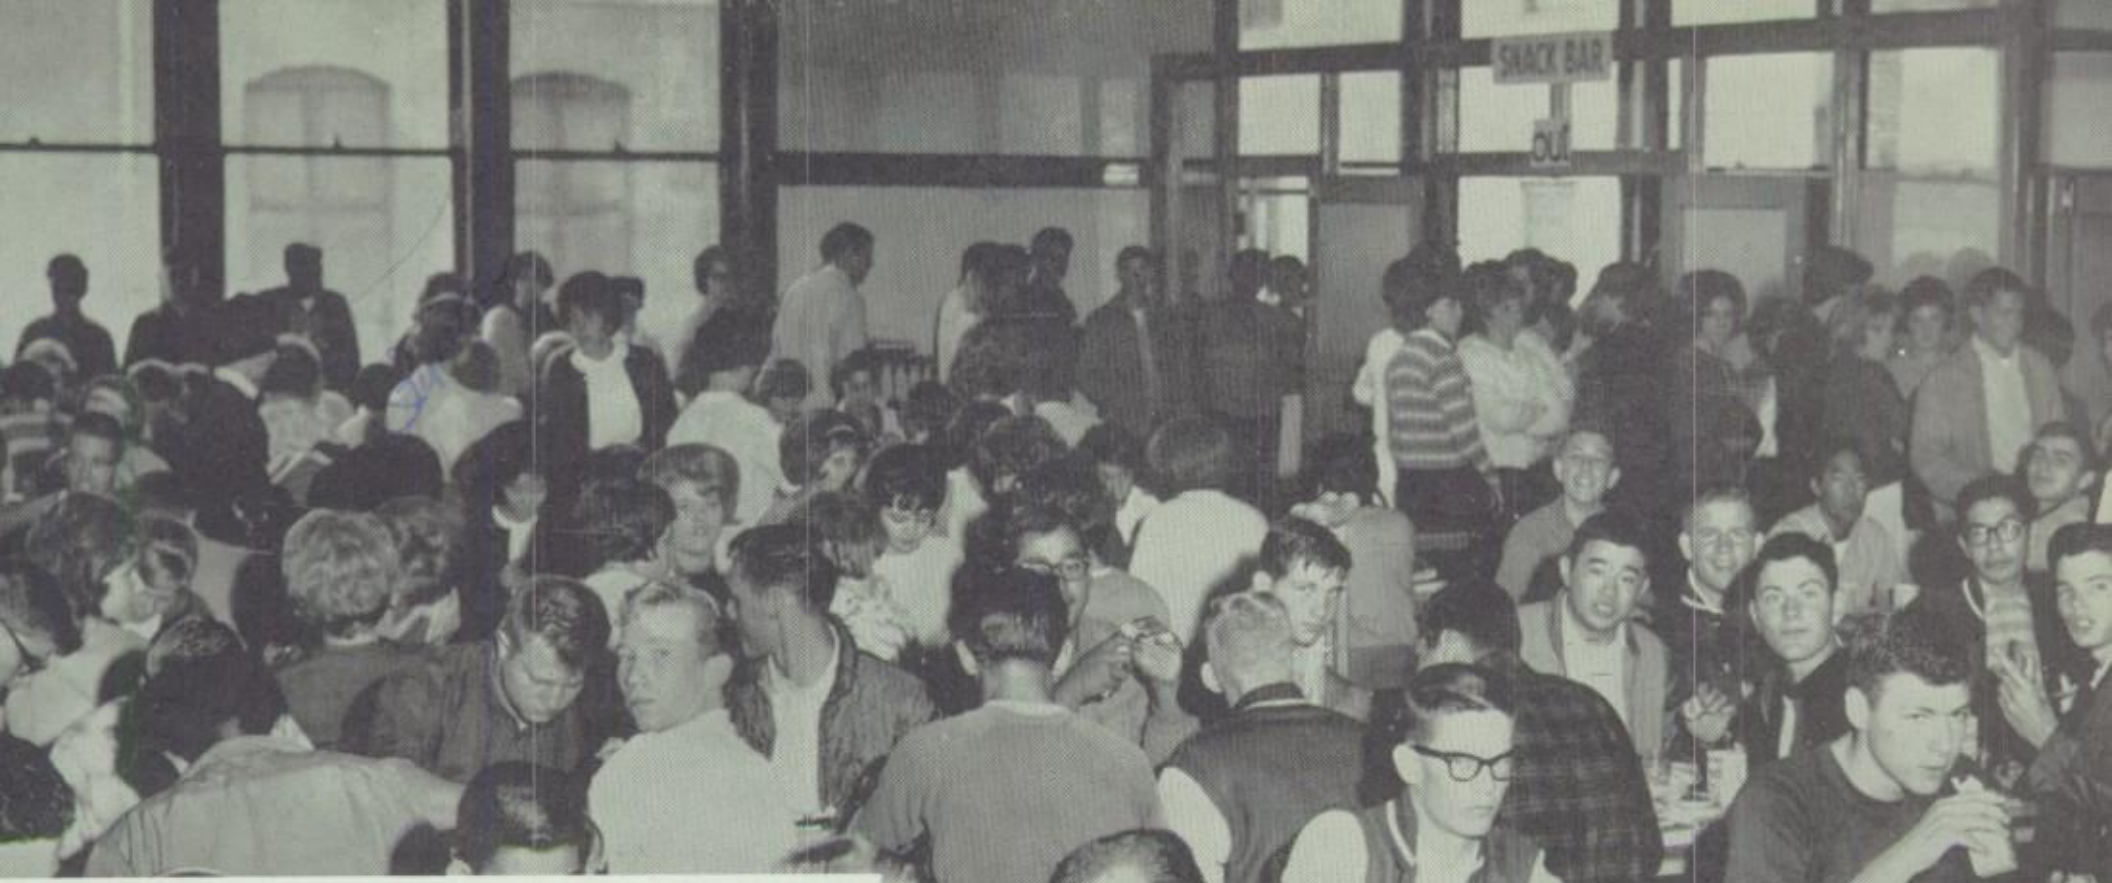
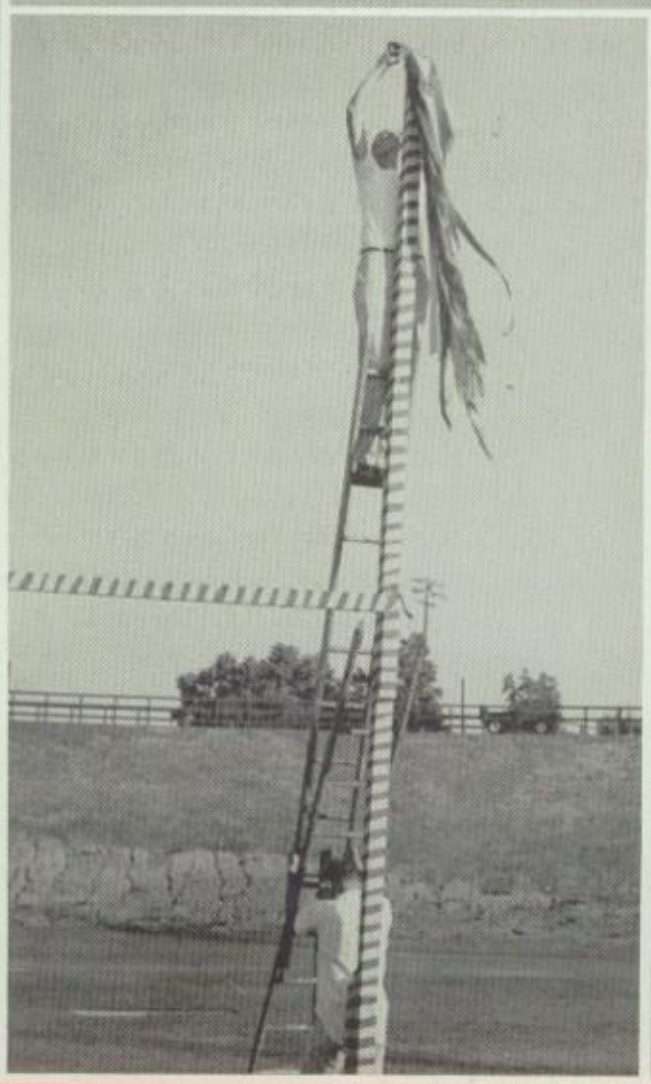
PEOPLE



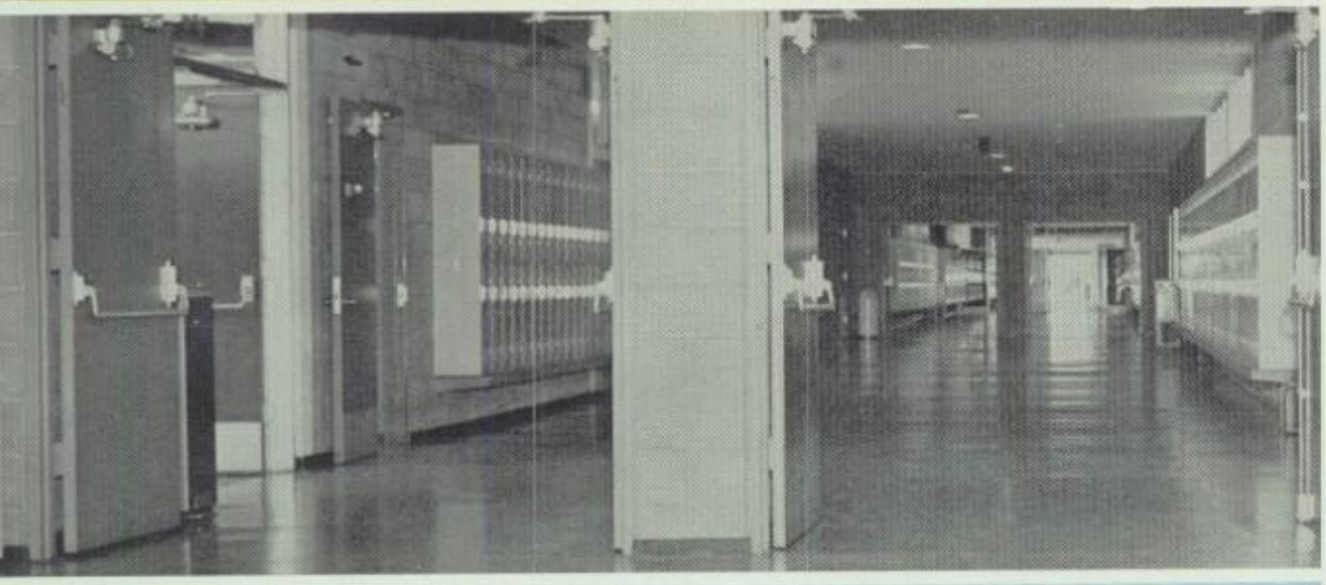
Every individual is unique
—his personality
—his experiences
—his appearances.



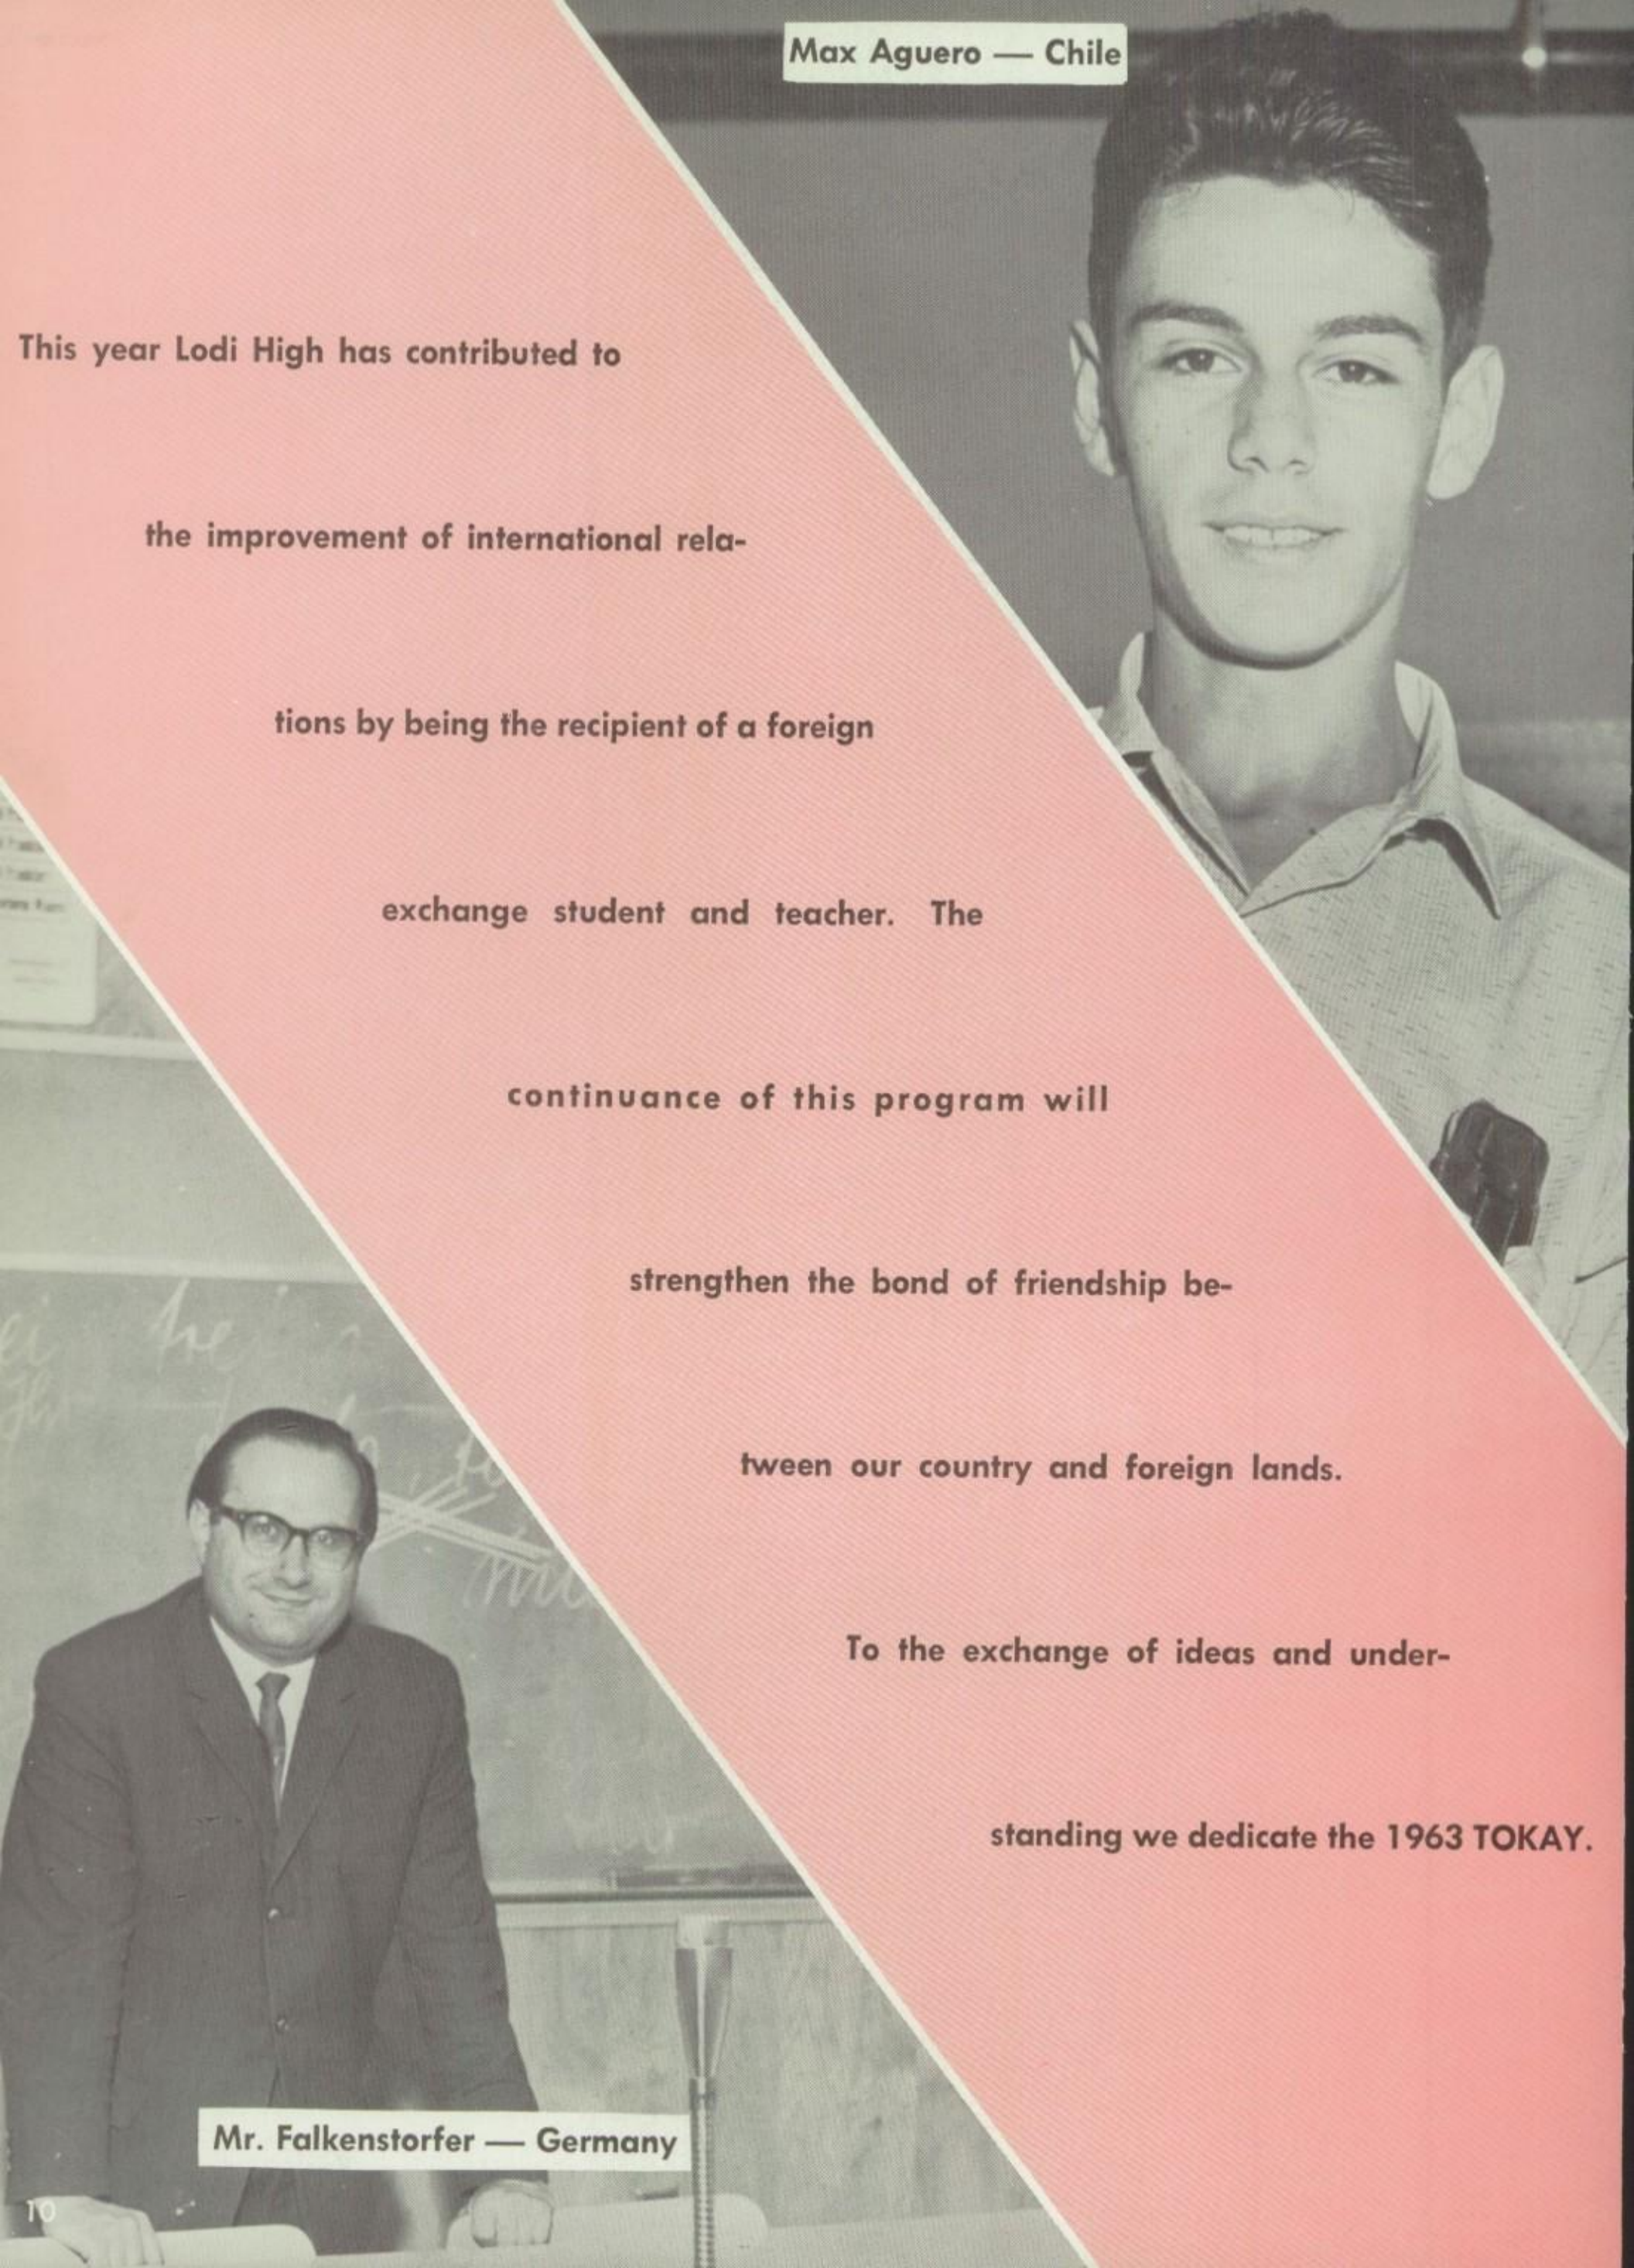
This year has been made up of days:
not so different,
different,
unforgettable!



Your TOKAY is to help you
recall your school days . . .
remember your many friendships . . .
bring back the excitement of the past . . .



COLOR is the theme.
It stimulates the imagination.
It is pleasing to the eye.
It's different.



Max Aguero — Chile

This year Lodi High has contributed to the improvement of international relations by being the recipient of a foreign exchange student and teacher. The continuance of this program will strengthen the bond of friendship between our country and foreign lands.

To the exchange of ideas and understanding we dedicate the 1963 TOKAY.

Mr. Falkenstorfer — Germany

"We have raised our sight at Lodi Union High School this year. We have welcomed an exchange teacher from Germany and placed one of our teachers there. Our first visiting student from Chile has taken his place in our student body. I hope this will be the first step in a program to achieve a better understanding of, and appreciation for, the citizens of other countries. Congratulations to the graduates of 1963!"

Lawson Smith, Ed. D.
Superintendent of
Schools

"Our nation was founded on the principle of the importance of each individual. This is expressed in the many freedoms which are guaranteed by our Constitution to the individual.

It is very difficult to carry out this principle at all times in the classroom where we have many students. In spite of the numbers, however, we attempt to provide for individual differences.

We hope that both the classroom work and the extra-curricular activities will train individual students to think for themselves while cooperating with others for the greatest benefit of all concerned."

"UNIVERSAL VIEWPOINT"

It has been a pleasure serving the Associated Students of Lodi Union High School as Student Body President during the past year.

The biggest event that took place this year was the bringing of a foreign exchange student to Lodi for the first time. It is my hope that succeeding councils will follow this example and continue with the foreign exchange program.

I wish to express my thanks to all who co-operated with the student council in making the 1962-63 school year interesting and enjoyable for the Associated Students.

Your servant,

Frank Evans

The first meeting of the 1962-63 Student Council was called to order by Mr. Bandelin, who welcomed us. Under Mr. Bandelin's suggestions all members were asked to stand and give their respective names and offices . . .

Plans were discussed for the Stagg game activities. It was decided to again participate in an exchange rally with Stagg . . .

A motion was made and seconded that we donate $250 for the electric scoreboard at Lawrence Park . . .

Max Aguero expressed his appreciation for his Christmas gift of a camera from the Student Body . . .

There was a short discussion on the requirements for the Associated Students' Scholarship . . .

A suggestion was made that every other meeting of the Student Council should be held on the West Campus . . .

The motion was made and seconded that the Student Council buy an enlarger for the FLAME-TOKAY darkroom . . .

A report on the Student Leaders' Conference at Sacramento was given . . .

Plans were discussed for the Foreign Exchange Emphasis. An assembly presenting our foreign exchange teacher and student and the prospective exchange student from Lodi might possibly start off the week.

Respectfully submitted,

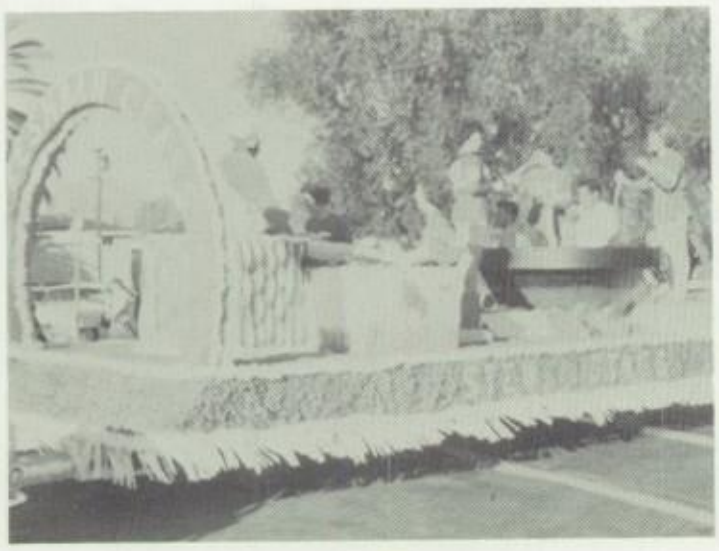
Hail SENIORS! ! !



Congratulations!

Practice makes perfect?

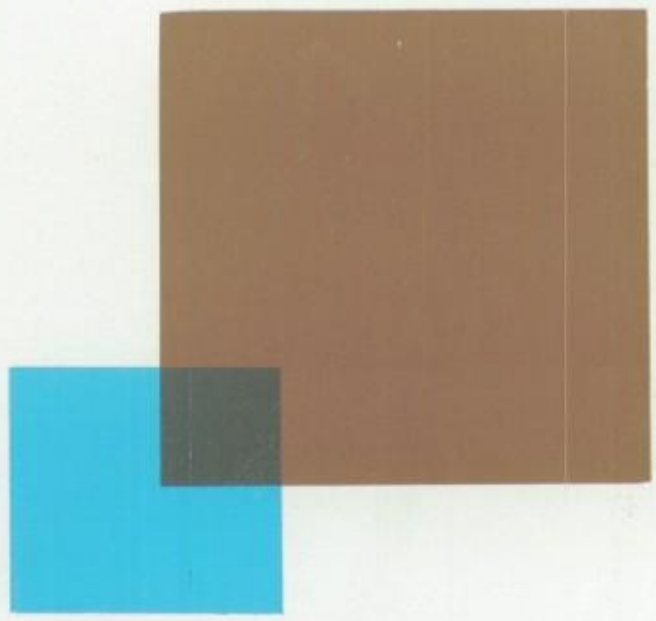
"Good mornin' Everyone."

AS THE YEARS GO BY

FRESHMAN	SOPHOMORE	JUNIOR	SENIOR
AMBITION . . .			
To graduate with 95% average.	To graduate with an 85% average.	To graduate with a 75% average.	To graduate.
TEACHERS . . .			
They know everything.	They know a lot.	They know something.	To err is human.
"A's" . . .			
If I work hard I can get one.	I wish I could get one.	They're hard to get.	Applepolisher!
"F's" . . .			
The end of the world!	I should have studied harder.	I can still graduate with my class.	That's the way the cookie crumbles.
HOMEWORK . . .			
It took me two hours.	I'll do it after the dance.	I'll do it in homeroom.	She won't call on me.
LATE BELL . . .			
It means I should be there 5 minutes early.	It's a signal to be in my seat.	It's a signal to run to my seat.	I'll get there when I get there.
FRESHMEN . . .			
Aren't we great!	Gee, they're small.	They'll out-grow it.	Was I like that?
SENIORS . . .			
My idols?	They are big.	They think they are big.	My idols!
EXCUSE FOR TARDINESS . . .			
I didn't leave on time.	I missed my bus.	I had to get a book.	The bell rang early.
NEW STUDENT . . .			
Smart!	Good personality!	Cute!	What are you doing Friday night?

To impress others we must be earnest;
to amuse them, it is only necessary
to be kindly and fanciful.

Tuckerman



Thinking is like loving and dying,
Each of us must do it for himself.

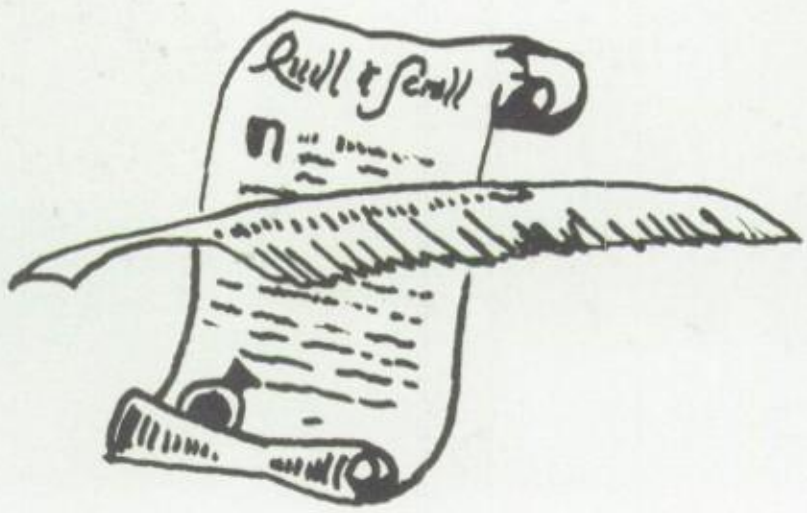
Quill and Scrollers in action!



Teaching at LUHS has been a very enriching experience and a great challenge to me. I have always felt at home among my helpful colleagues and my friendly and cooperative students. My wife and I have never felt homesick during this year which has passed much too fast, but we might become homesick for America. We are certain that we have received much more than we could give.

EXCHANGE PROGRAM

Max with his American family
Max meets Frank

What's in there Max?

It has been a tremendous experience being Lodi's first foreign exchange student. I have gained so much from the wonderful friendships which I have made with my teachers and fellow students. My thanks also goes to the Ladd family for all their care which they have given me and the Lodi AFS Chapter. Gracias a Todos.

Max Aguiero N

SPARKS

Organized for the first time in the history of this school, the SPARKS is a fluctuating group of LUHS students—members of the Student Council, officers of various school clubs, interested volunteers—whose purpose is to help students new to this area become acquainted at Lodi Union High School—with other students, with school and community activities, and to help them become a part of these existing activities.

Shown on this page are pictures of only a few of the new students that entered LUHS from different schools over the nation. The four seniors are first semester entries from California, Missouri, Texas, and Georgia.

It is the hope of the SPARKS that the new student will adopt Lodi readily, not forgetting his past school, but adding this new experience to his list of exciting memories and acquaintances. The SPARKS want to do all in their power to help the new student catch the FLAME spirit of OUR school, LUHS.

GRIDIRON MENTOR STEERS FLAMES TO IMPRESSIVE SEASON.

Lodi's illustrious football coach, John Giannoni, carried our Flames to a 4-5 won loss record.

Behind the running of backs Bruce Tessum, Jerry Okamura, Rich Jimenez, Richard Reese, and the passing Craig Hoellwarth, the persistent Flames scored impressive victories over Edison (14-0), Franklin (27-9), Modesto (13-7) and Turlock (13-0).

Pre-season predictors had estimated that Lodi would not win a single game. Much of Lodi's success can be attributed to John Graffigna who booted a total of eleven extra points.

Considering all obstacles, Lodi had a very successful season.

Flames roll over Vikings 14-0

Lodi's fabulous Flames completely dominated action while upsetting Edison's finest in the season's opener. John Giononi's eleven were a stalwart in defense as well as offense. The grapers scored via a recovery in the end zone and an eleven yard run by wingback Dick Reese.

Flames hypnotize Yellowjackets

Under very unfavorable field conditions the Lodi Flames romped to a 27-9 victory over the Franklin Yellowjackets. From the first it was known that a Franklin defeat was inevitable. Almost the entire backfield chipped in points on fine runs and once again the big toe of John Graffigna reigned while kicking 3 P.A.T.'s.

Lodi stuns Modesto 13-7

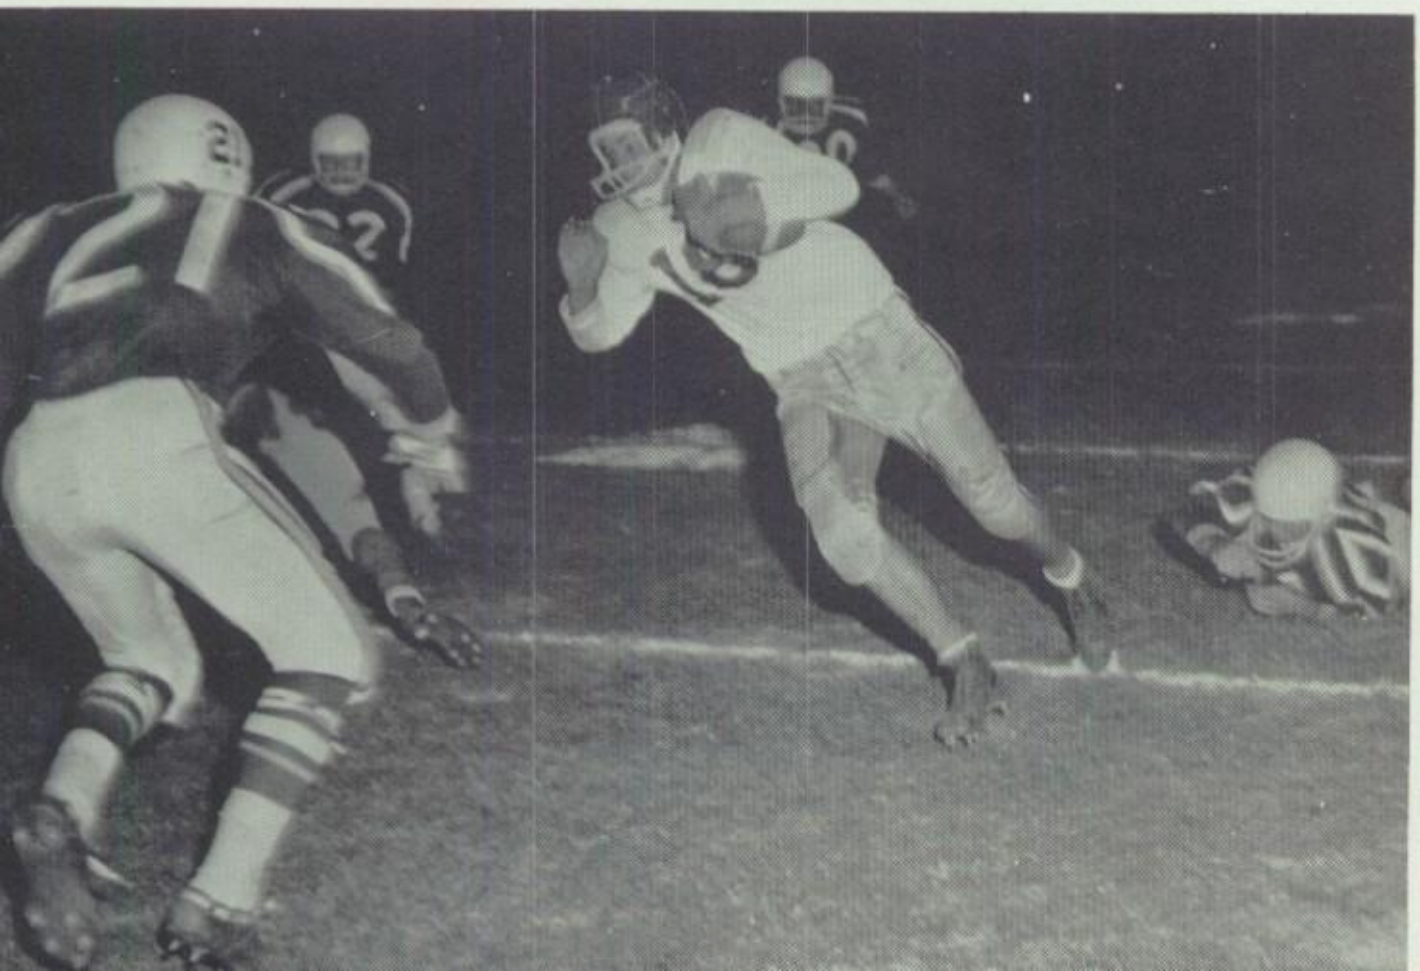
The rambling Grapers once more demonstrated their great prowess in nailing the Modesto Panthers 13-7. The Flames took to the air in the form of a pass from Craig Hoellwarth to Reed Burson. The touchdown yielded by the pass came in the last 10 seconds of the game.

DOWNEY AND OFFICIALS TEAM UP TO UPSET LODI 16-12

The most exciting game of the season showed the Downey Knights facing the Lodi Flames for the decisive game of the C.C.C. After Downey took the lead in the first quarter, the fighting Flames came back for two quick scores. It appeared that Lodi had secured another win when an official called back a brilliant touchdown effort by Lodi's Ron Goehring. The Flames fought hard during the entire game, but the final score showed the Knights on top 16-12.

Grapers grab second place in C.C.C.

Springing back from their defeat by Downey the Lodi Flames scooped up second place honors in C.C.C. by downing Turlock 13-0. Star wingbacks Dick Reese and Bruce Tessum kept the Bulldog line guessing. Although neither team was very aggressive offensively speaking, the hot Flames managed two tallies via a 5 yard run by Ron Goehring and a 7 yard pass from Hoellworth to Tessum.



Delta Kings down Lodi 26-7

Despite brilliant playing the Lodi Flames fell victims to the determined Delta Kings.

However, the score 26-7 does not tell the story of what really happened. Although the roof was raised during the pre-game rally, it appeared that all spectator spirit was left in Lodi. Lodi's lone touchdown came when Bruce Tessum unleased a jaunt of approximately twenty yards. If an extra quarter had been added, Lodi might well have won the game.

Coach Harry Weinberg's Flame basketball squad completed the 1962-63 loop season with an impressive 15-6 seasonal record.

The local team's record is the best by a Lodi team since 1956-57. Lodi also finished third in C-C-C play with a 10-4 league mark. Edison and Downey tied for the title with 12-2 slates.

Weinberg did an excellent job in bringing the Flames from the cellar to 3rd place without the services of a single letterman.

Lodi was led by 5'8" guard Frank Evans and 6'8" cener Bob Morton, both seniors. Evans was the 3rd leading scorer in conference play with a 14.1 mark, while Morton was 6th with a 12.8 average in 14 league games.

The only way to have a friend is to be one.

Emerson

Character is like a tree and reputation like its shadow. The shadow is what we think of it; the tree is the real thing.

"What's so interesting?"

"What are you waiting for Sue?"

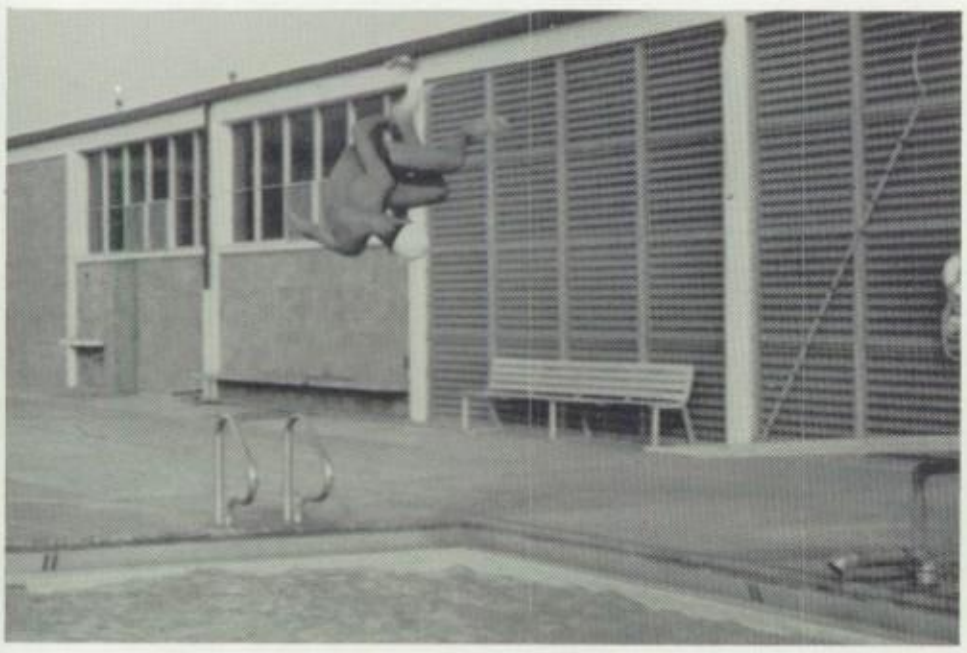
"All in favor . . ."

"You say you're out of root beer?"

Stop staring and eat your lunch!

Smiling Sophomores.

"Where's the door?"



Now that's form!

Jr. Class Council hard at work.

"My arm's tired. This pom-pom is heavy."

"This pencil tastes good."

Let's hear you yell!

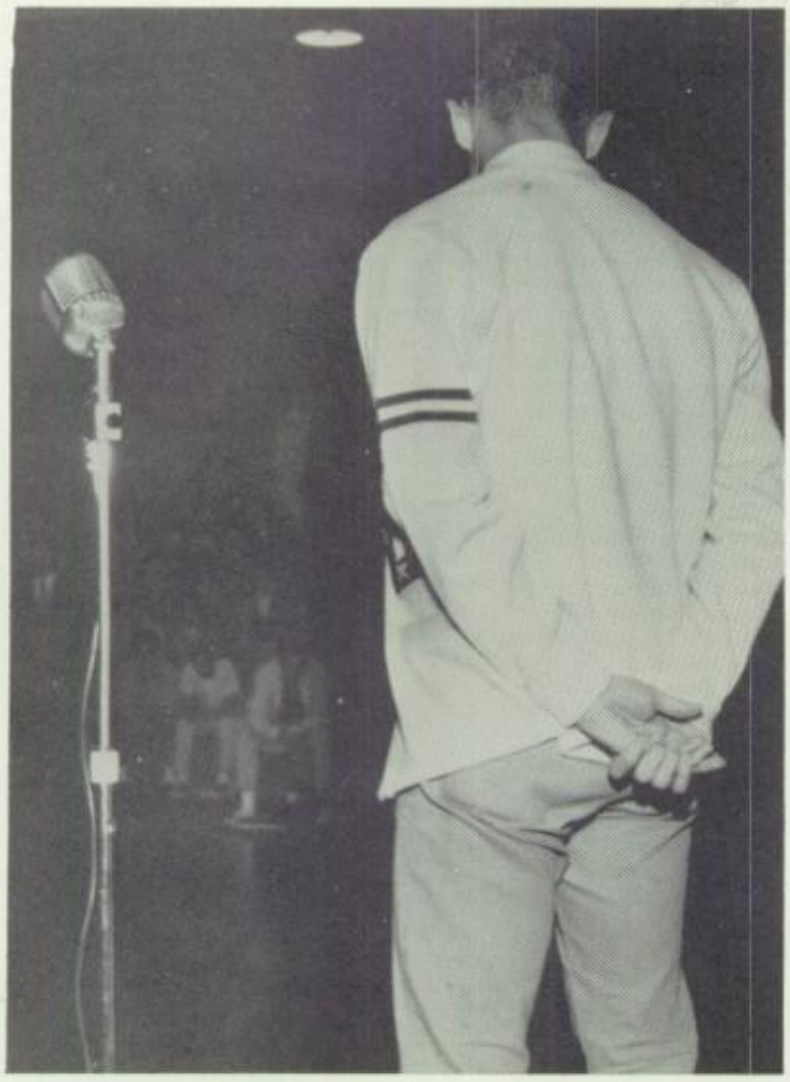
"We're going on a 50 mile hike! Want to come with us?"

"I think we're having our picture taken."

"You ate my lunch!"

Sorry boys, you can't get in the girls' gym that way.

"Boy, did I ever mess up that song."



Alone at the "mike."

"Let's start a riot!"

"How'd that get up there?"

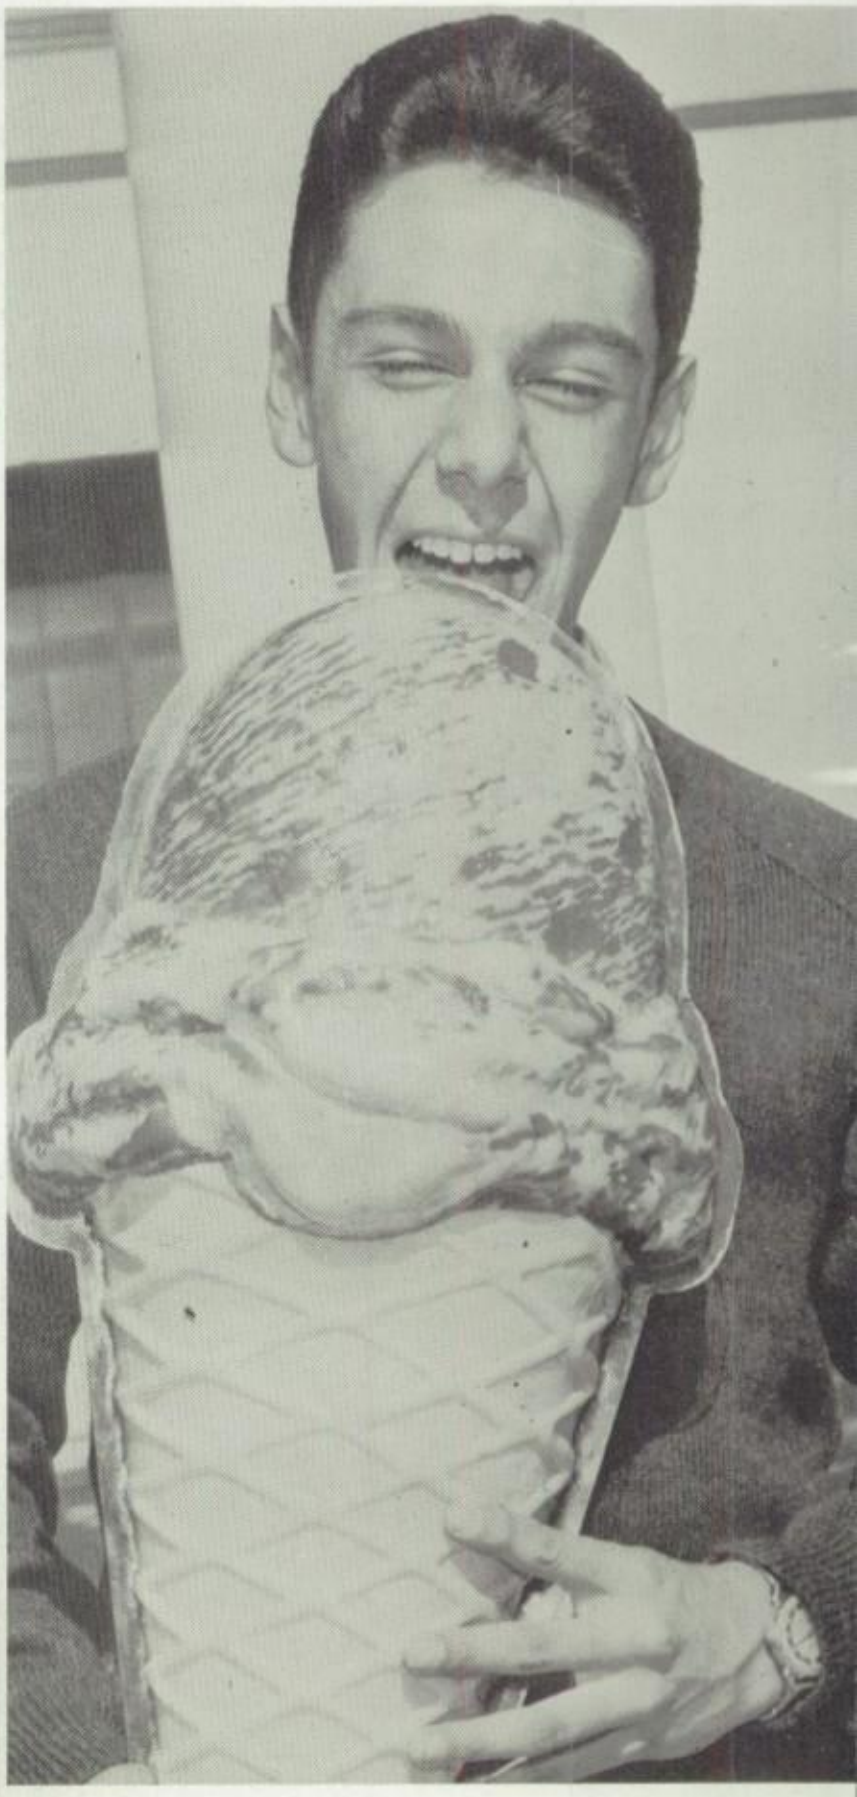
Just sign on the dotted line.

The first day of school.

Pitching a "fast" ball.

"Going somewhere?"

Between Classes.



Max likes ice cream.

"Aren't we busy!"

"Sing Along with Lynch."

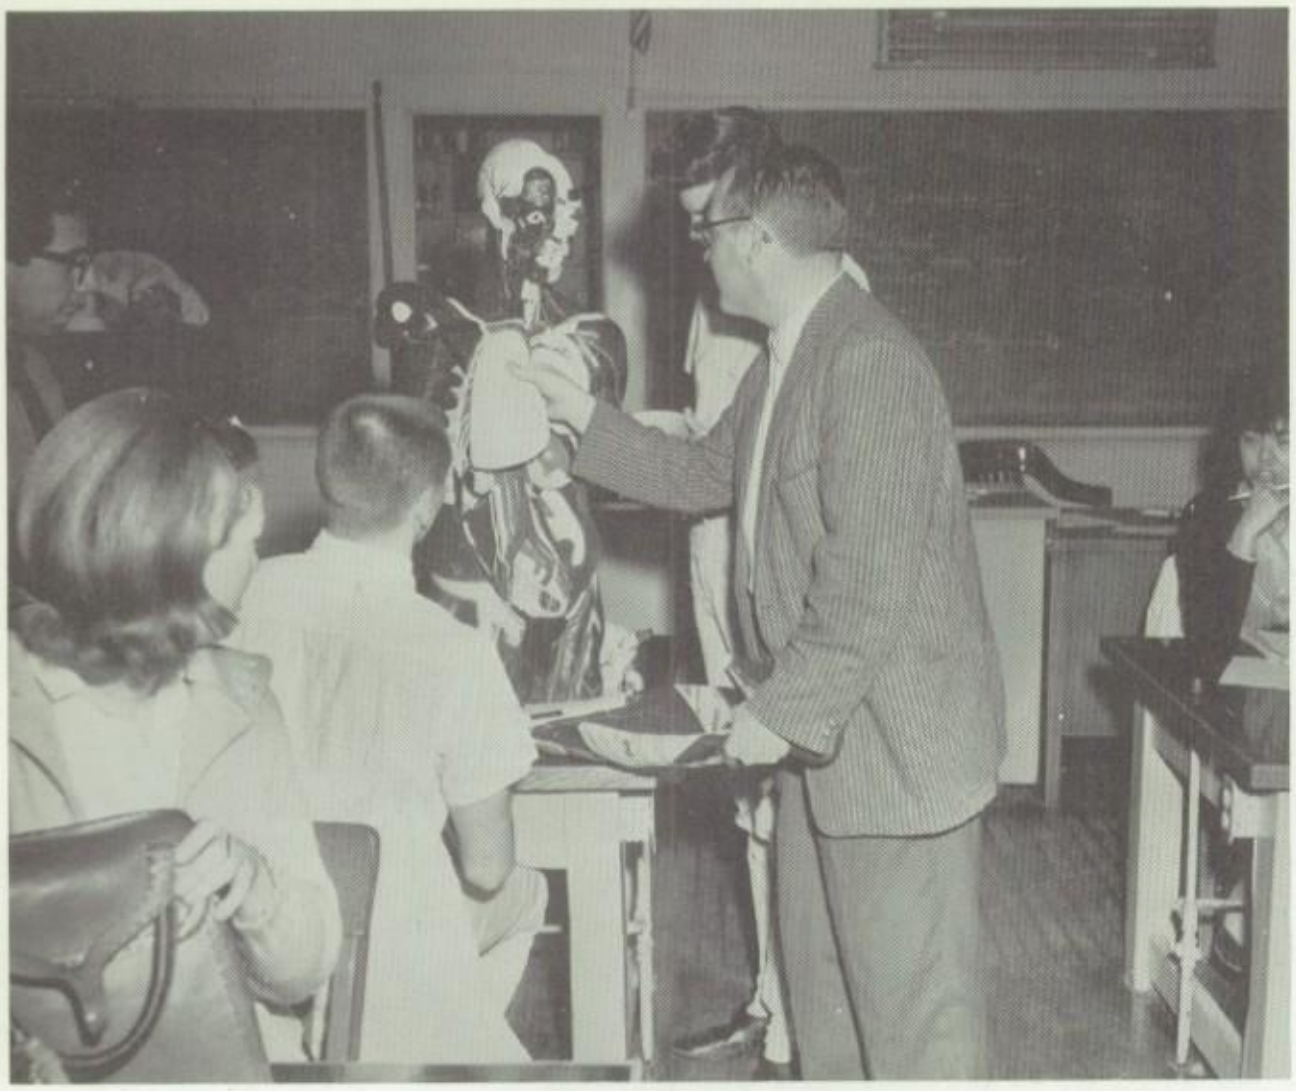
Early morning chatter.

"What are you guys doing up there?"

"Well skit, skat, how about that . . . "

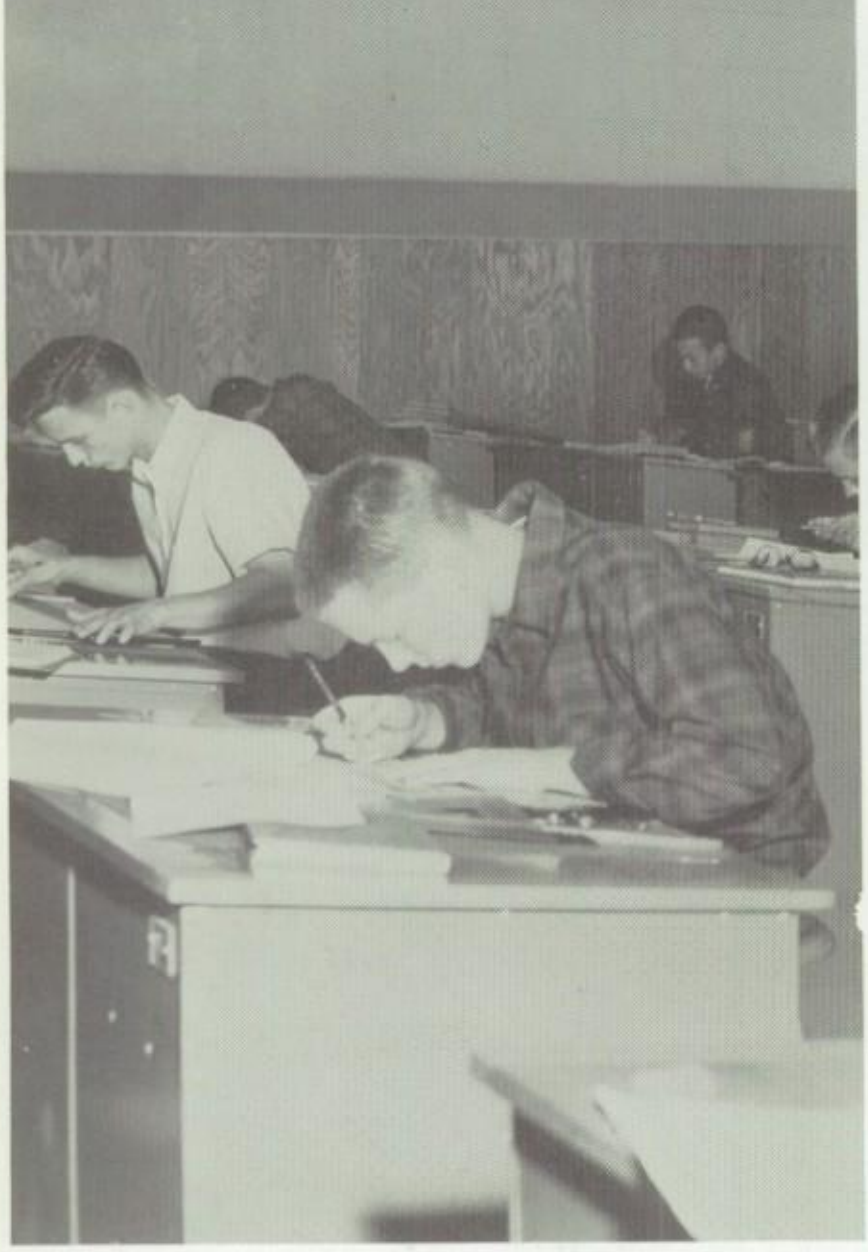
"Duhhh . . . . "

LODI SPIRIT



" . . . and here we have a lung or is it a liver?"

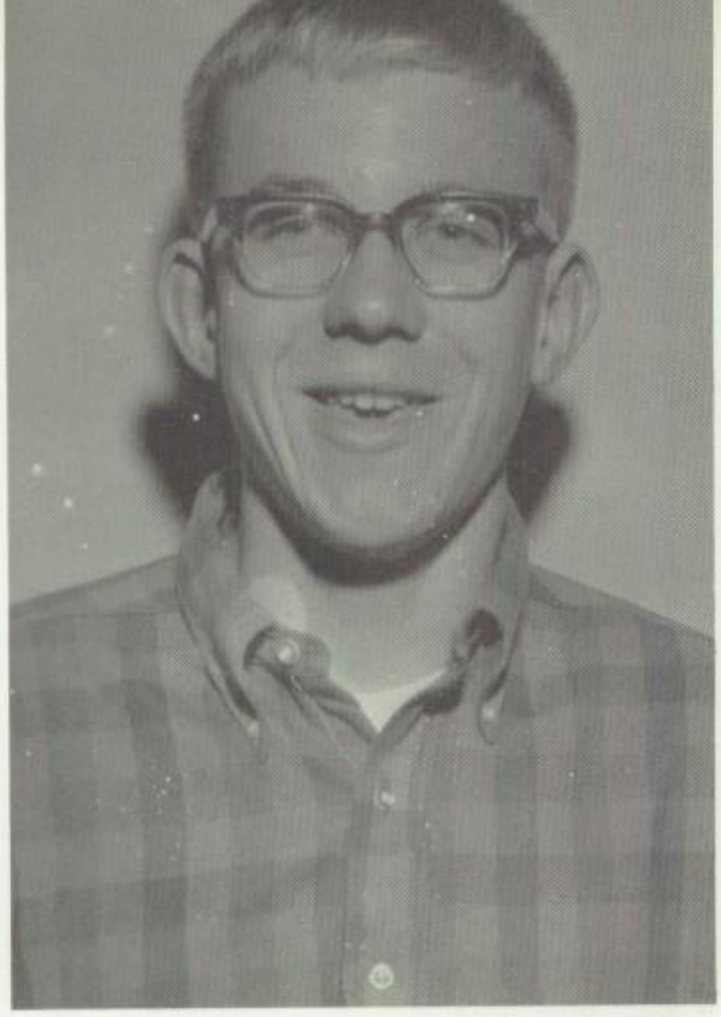
Principal Frank Stocking leads the East Campus Student Body in a yell.

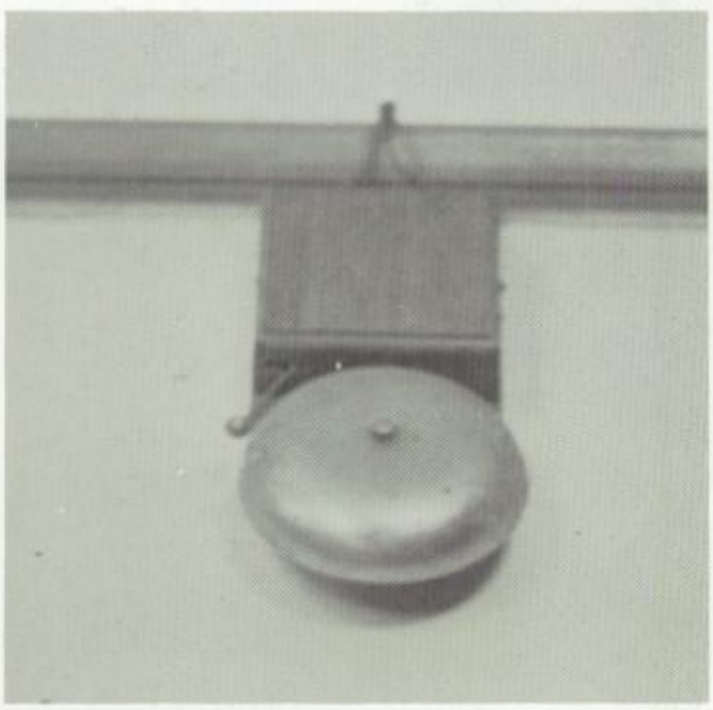


If I can just get this line straight . . .

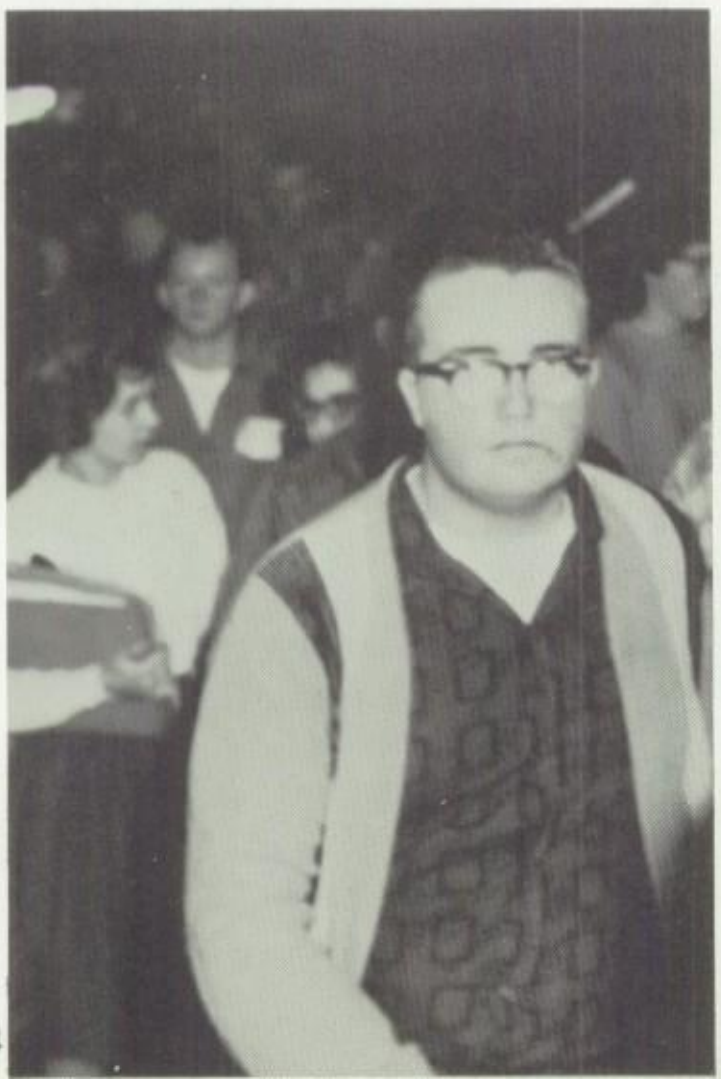
THE TEEN AGE

BY DELPHINE HIRASUNA



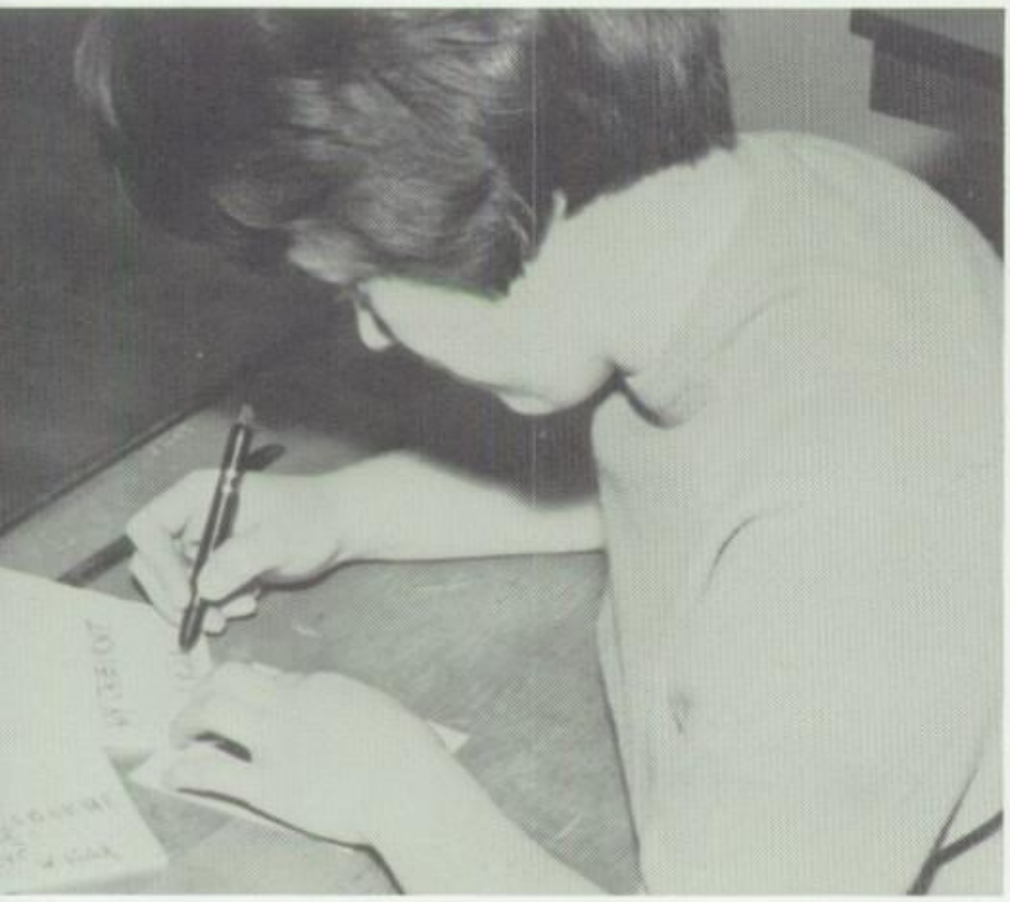


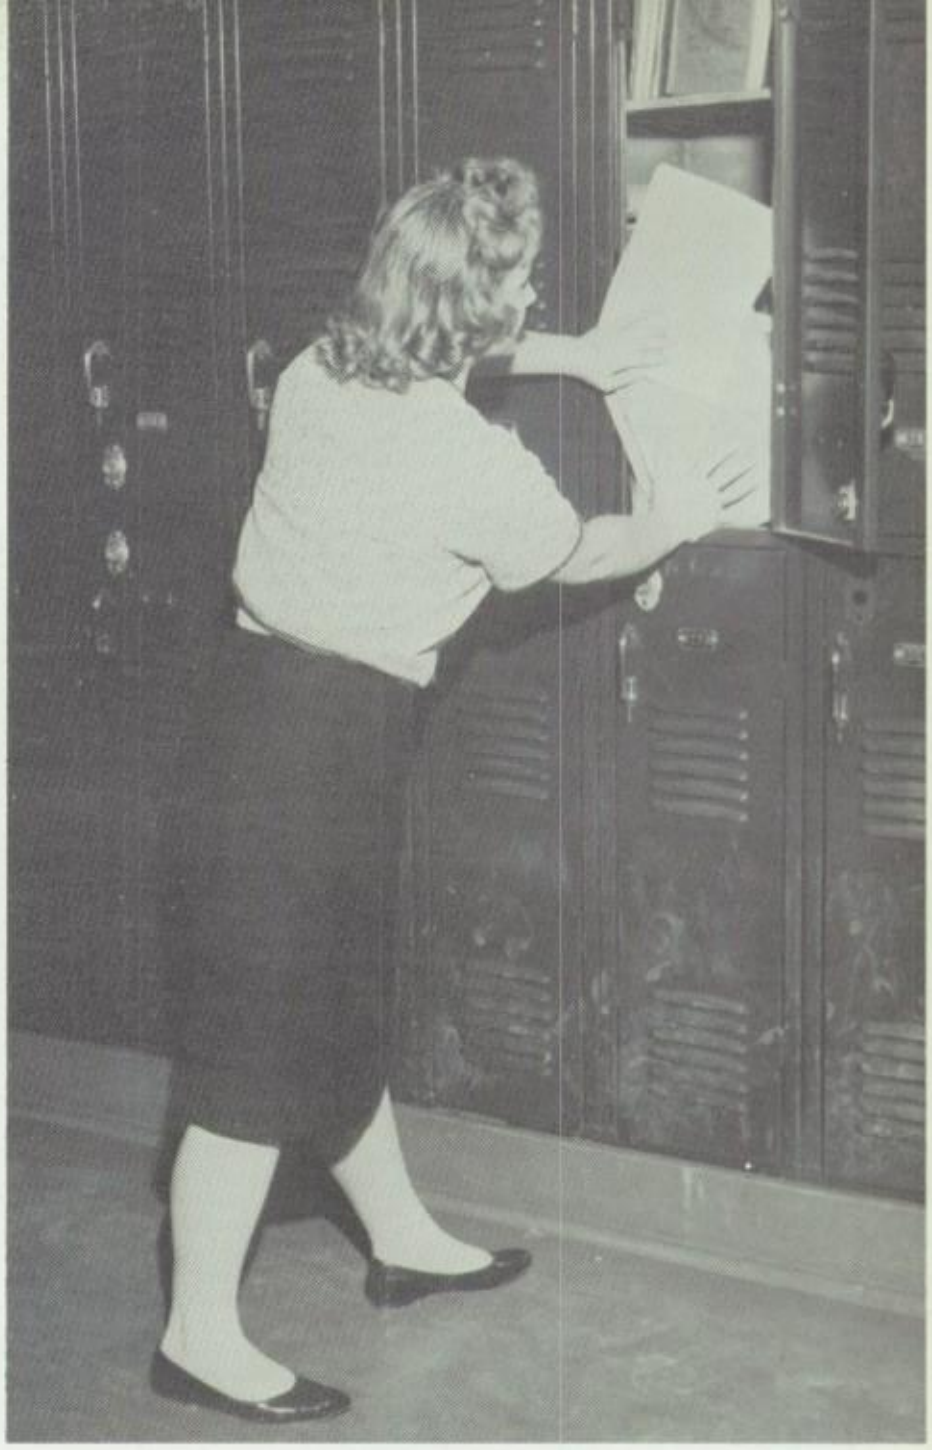
From a freckled face rider of
bikes into a thinking being
A bell rings only to start a
four year interval of hourly bells
It hacks your day and severs your
train of thought
It collides you into a world
of strangers,



Holders of the title
"teenager"—
Losers of the name
"child"
Overawed by the confident
upperclassmen at a time
when a senior guy is
the THING

High school is a place for
forming friendships,
falling in and out of love,
living for weekends and rallies,
griping about that tough old teacher,
worrying about tomorrow's test





It's four minutes between classes
and a stacked locker
Tardy slips, cut slips, passes . . .
Five points off for chewing gum,
passing notes,
throwing chalk

It's the teen age . . .

when emotions soar from

a pit of despair

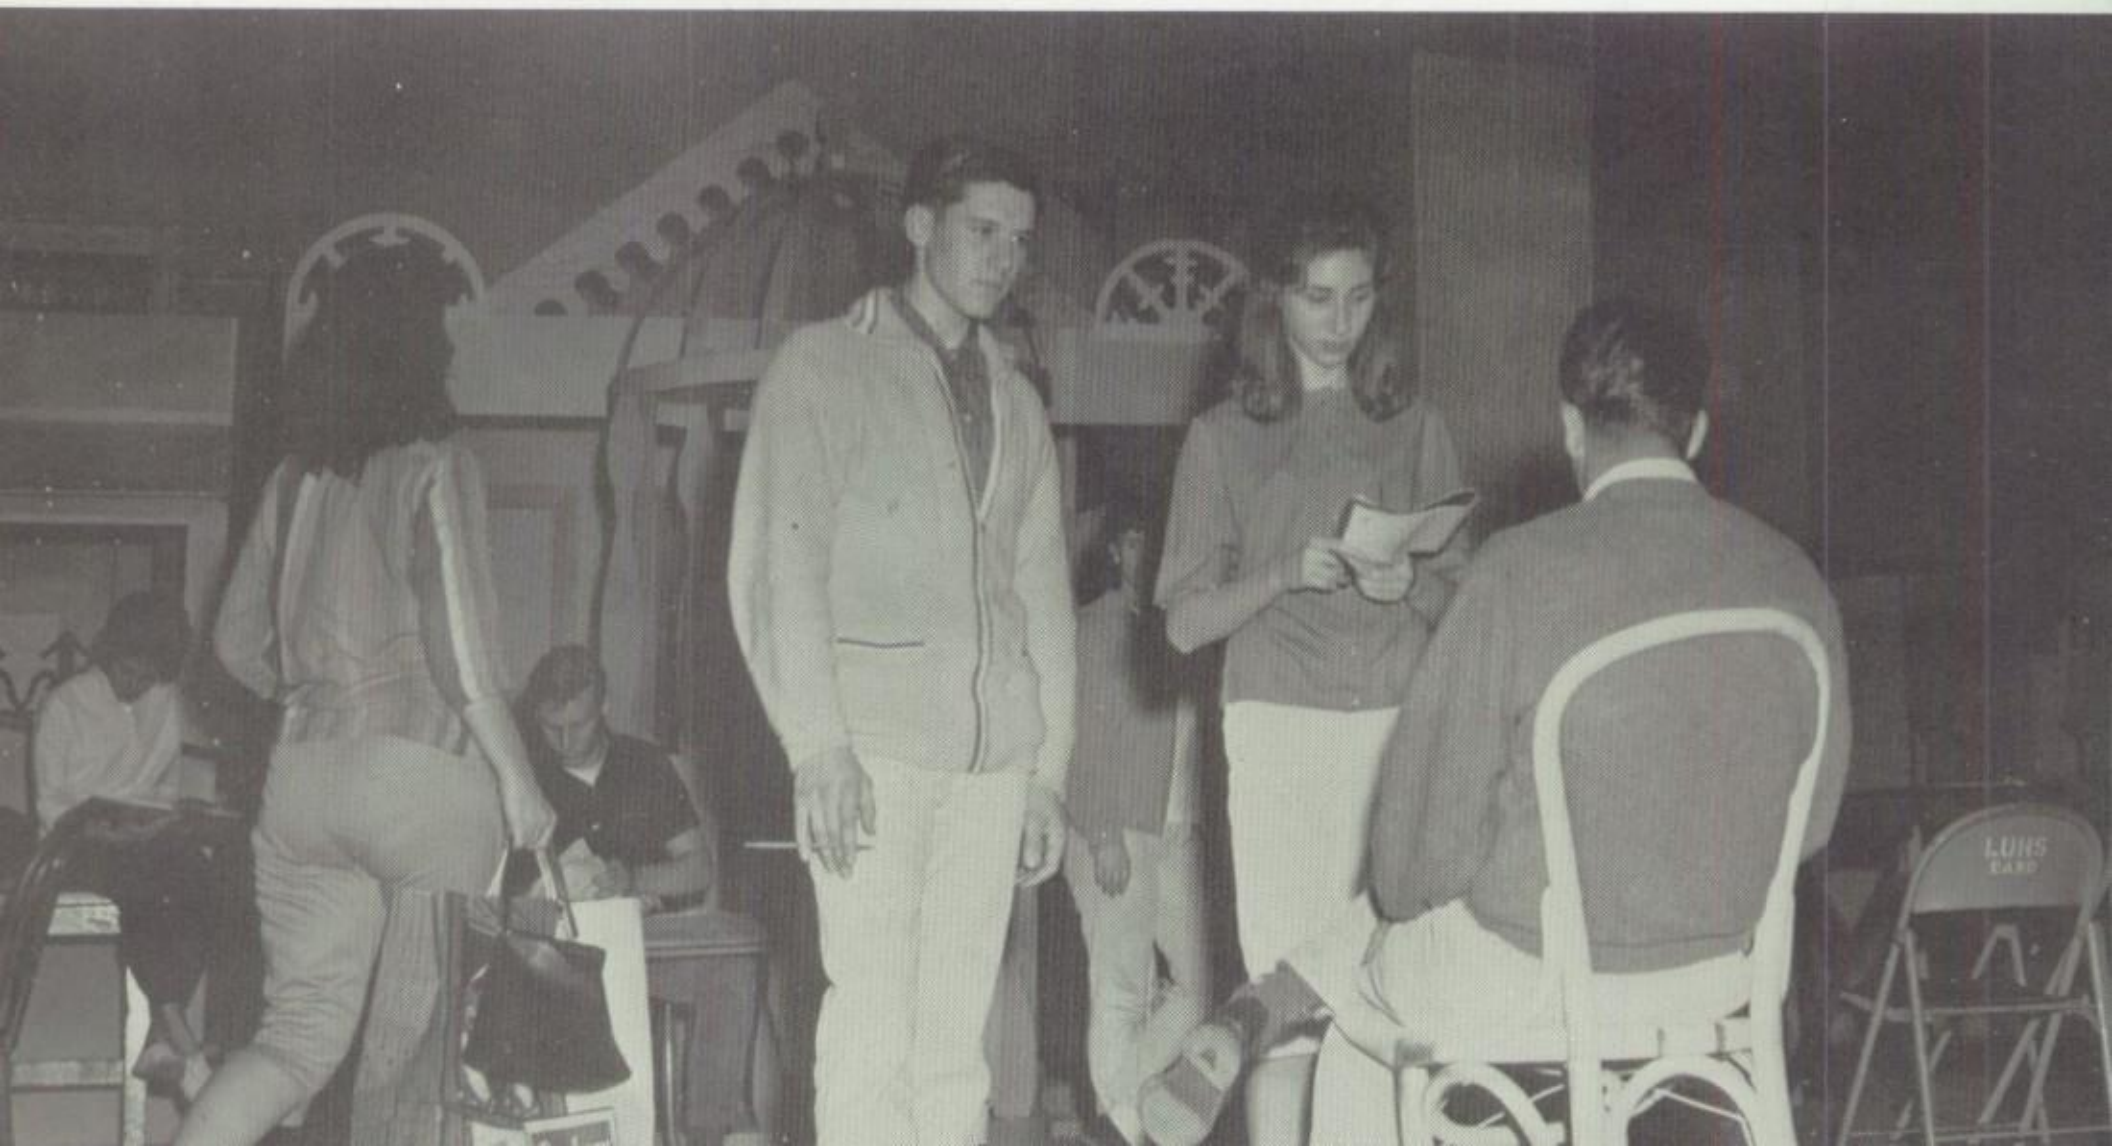
To a flighty joy that wants

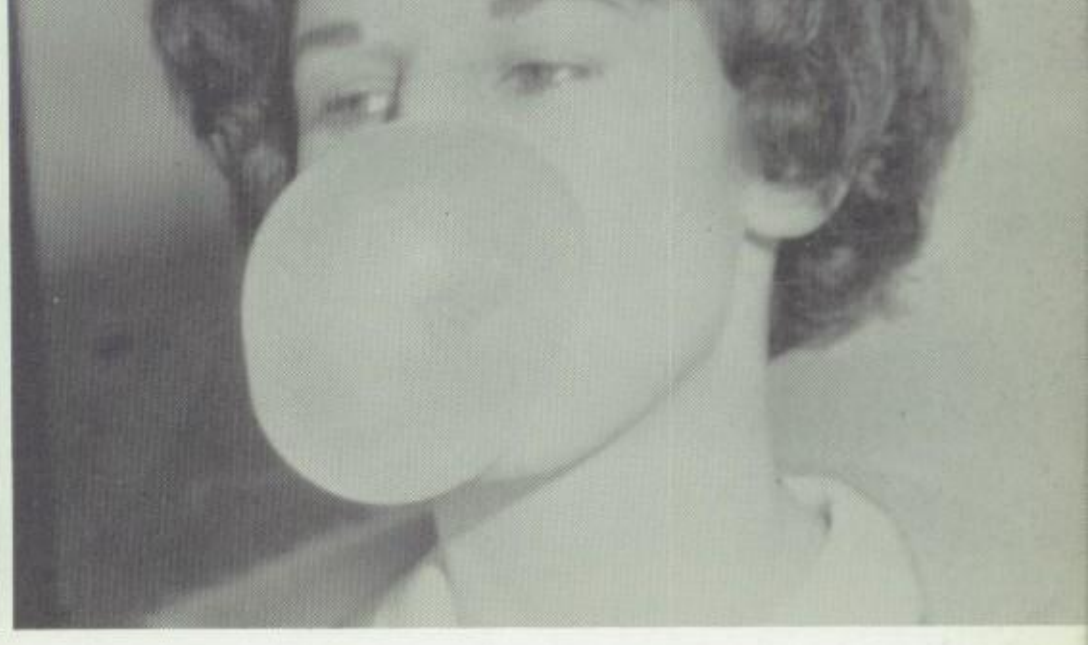
to shoot you through the

Milky Way on gossamer wings

Time for wanting to be accepted
yet searching for individuality
It's cruising the drag,
talking on the phone for
three hour stretches,
the week end dances,
slumber parties,
going steady
It's "Oh Mom, I'm not a child
anymore!"
"How can you understand,
you aren't a teenager?"
and "But Dad all the other
kids are doing it!"

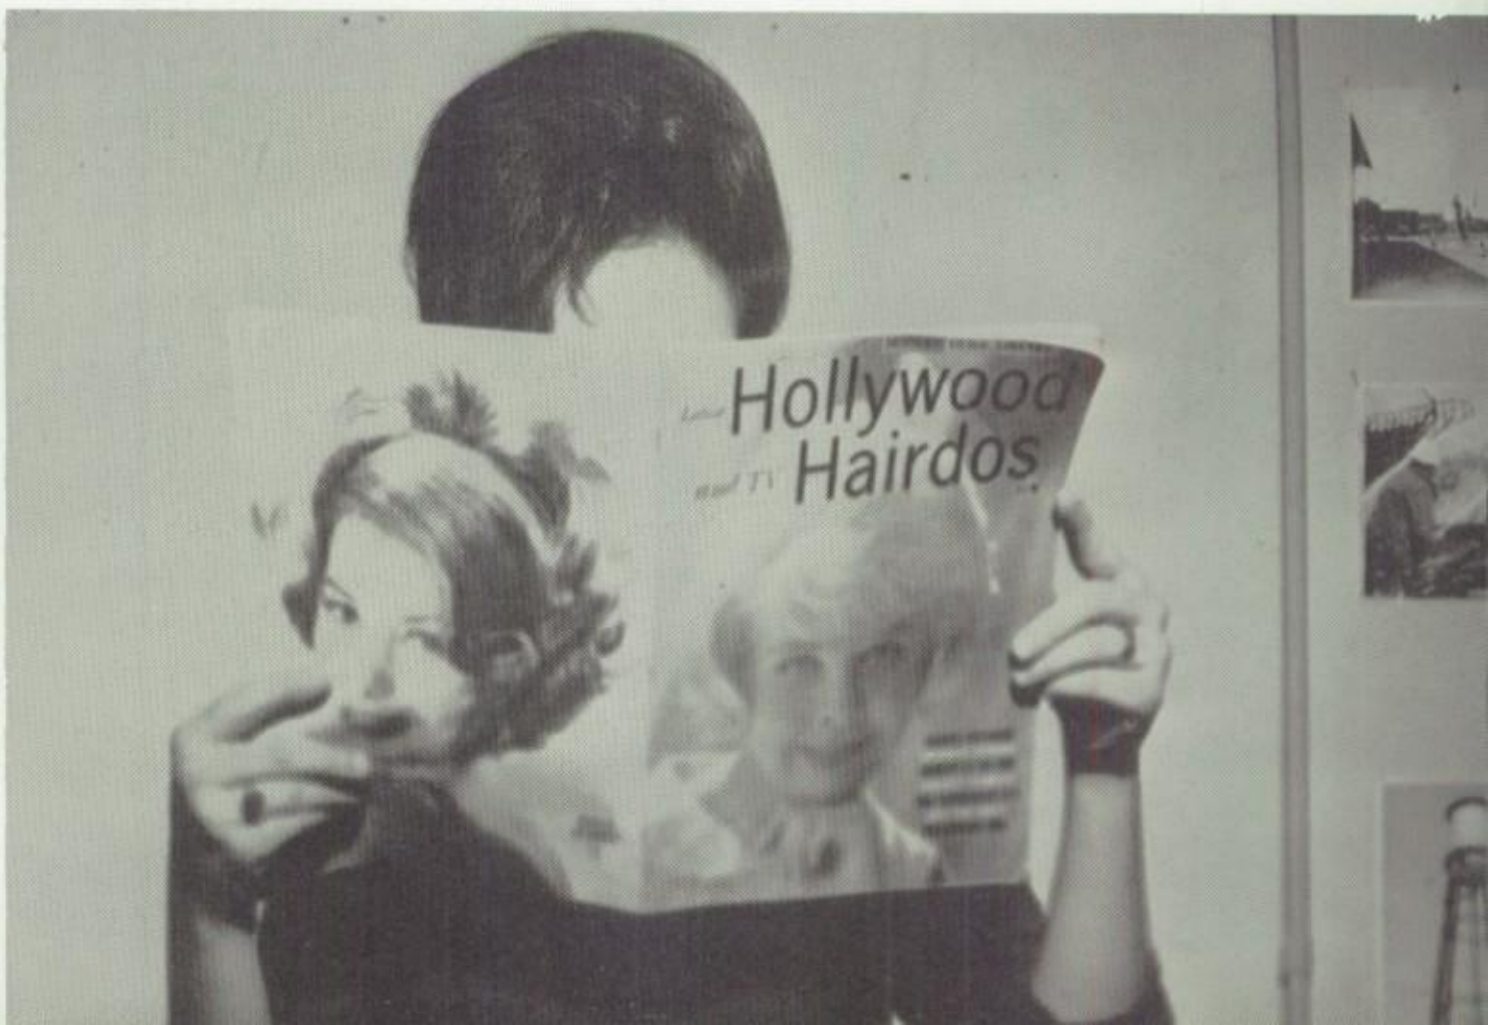
It's an army in bobbysoxs and sweatshirts
marching on the Kremlin
with Fourth of July flags in their hands
Unable to accept the resignation
absorbed by most adults





Spouting philosophy while eating
peanut butter jam sandwiches
It's confusion in braces
and maturity
with bubble gum
in its mouth

It's a fear of being forgotten
and a fear of being noticed
It's the age of rebellion
and being a rebel in a group of rebels
Tryers of ratted hair,
bleached hair,
wigs



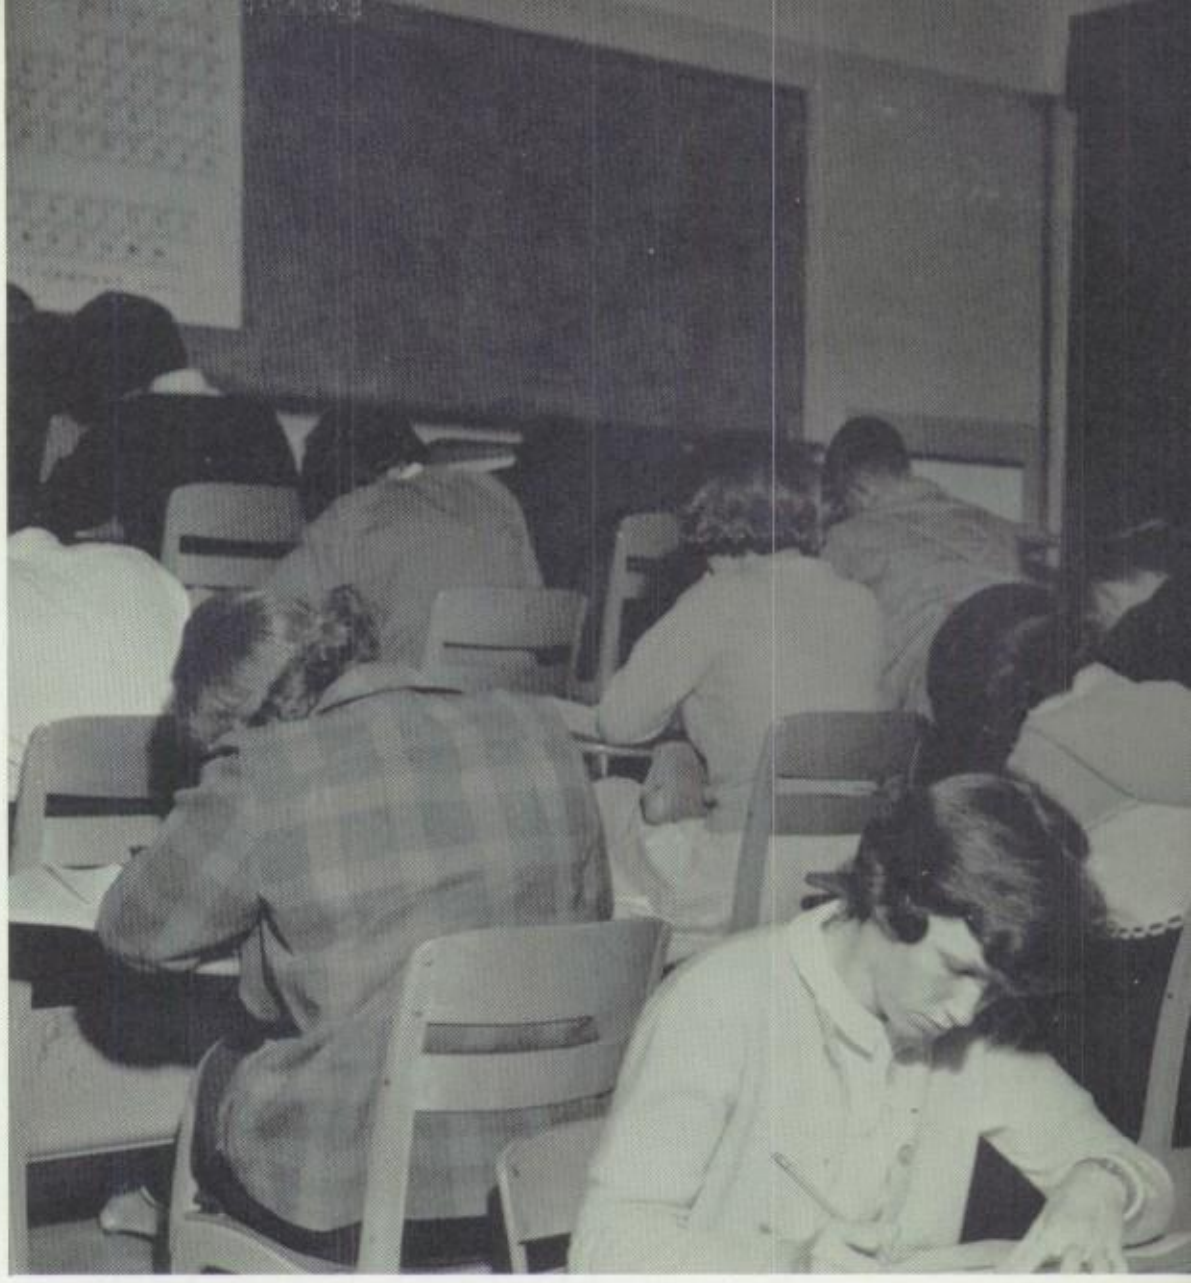
Worshippers of Hollywood idols
A group of off-beats
trying to keep on-beat

When "what will be, will be" isn't enough
and only a fortune teller to read your future
will give you peace of mind

A world to be flooded with doctors,
lawyers, scientists, diplomats,
if dreams would come true
Studying with hopes of great things
Searching for fame,
but fearing immortality

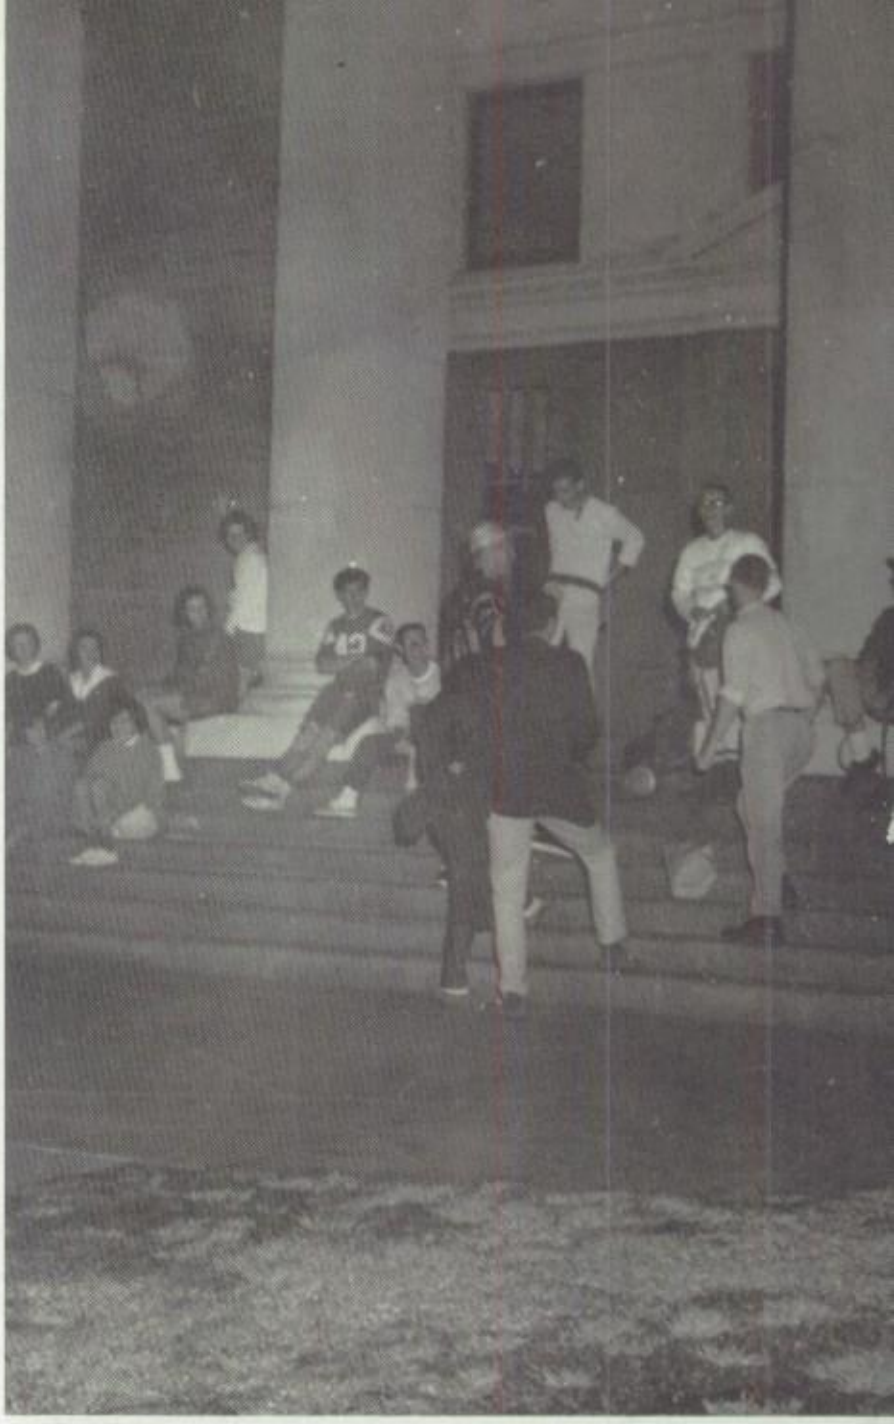
It's bending over a textbook
seeking a trail to knowledge
and meeting a void of despair
It's "No hablo espanol"
and finding
"x congruent to y"

It's a pain
It's a bore
It's a job
with no goal in sight
It's searching,
growing, fearing,
accepting . . . understanding



Nancy,
I wish you lots of luck
in the future. It was fun
getting to know you better.
Gail

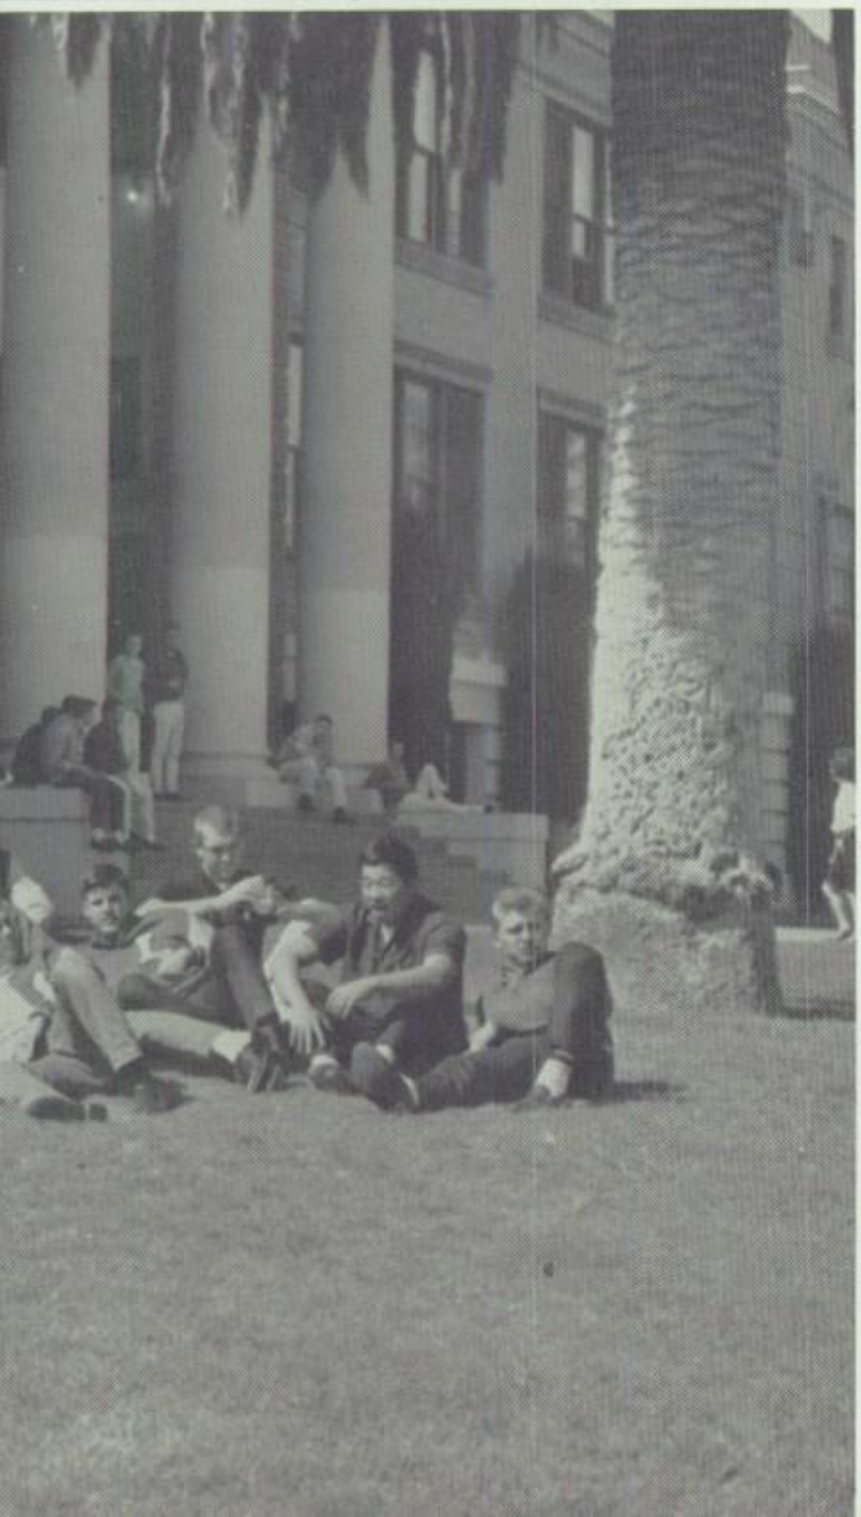
It's the 3:30 rush hour
and every man for himself
It's why didn't
I study this before?
It's a football game and
"we want a touchdown"
After game dances
with the Blue Notes playing

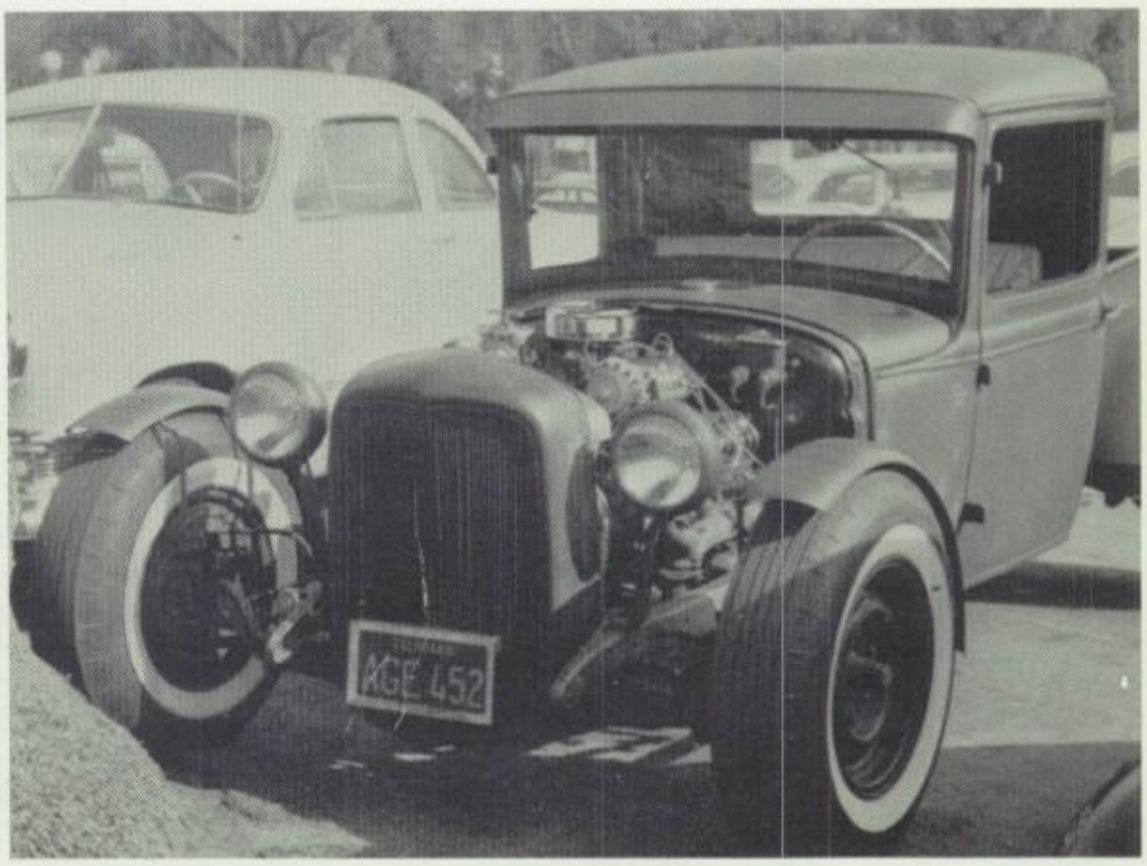


Nancy,
Lots of luck
next year and
in the years to
come. Arlette Foy

Nancy—
It was a real
kick in shorthand
wasn't it?! I'll never
forget it. Good luck
in your future plans
and be good!
June Kubota

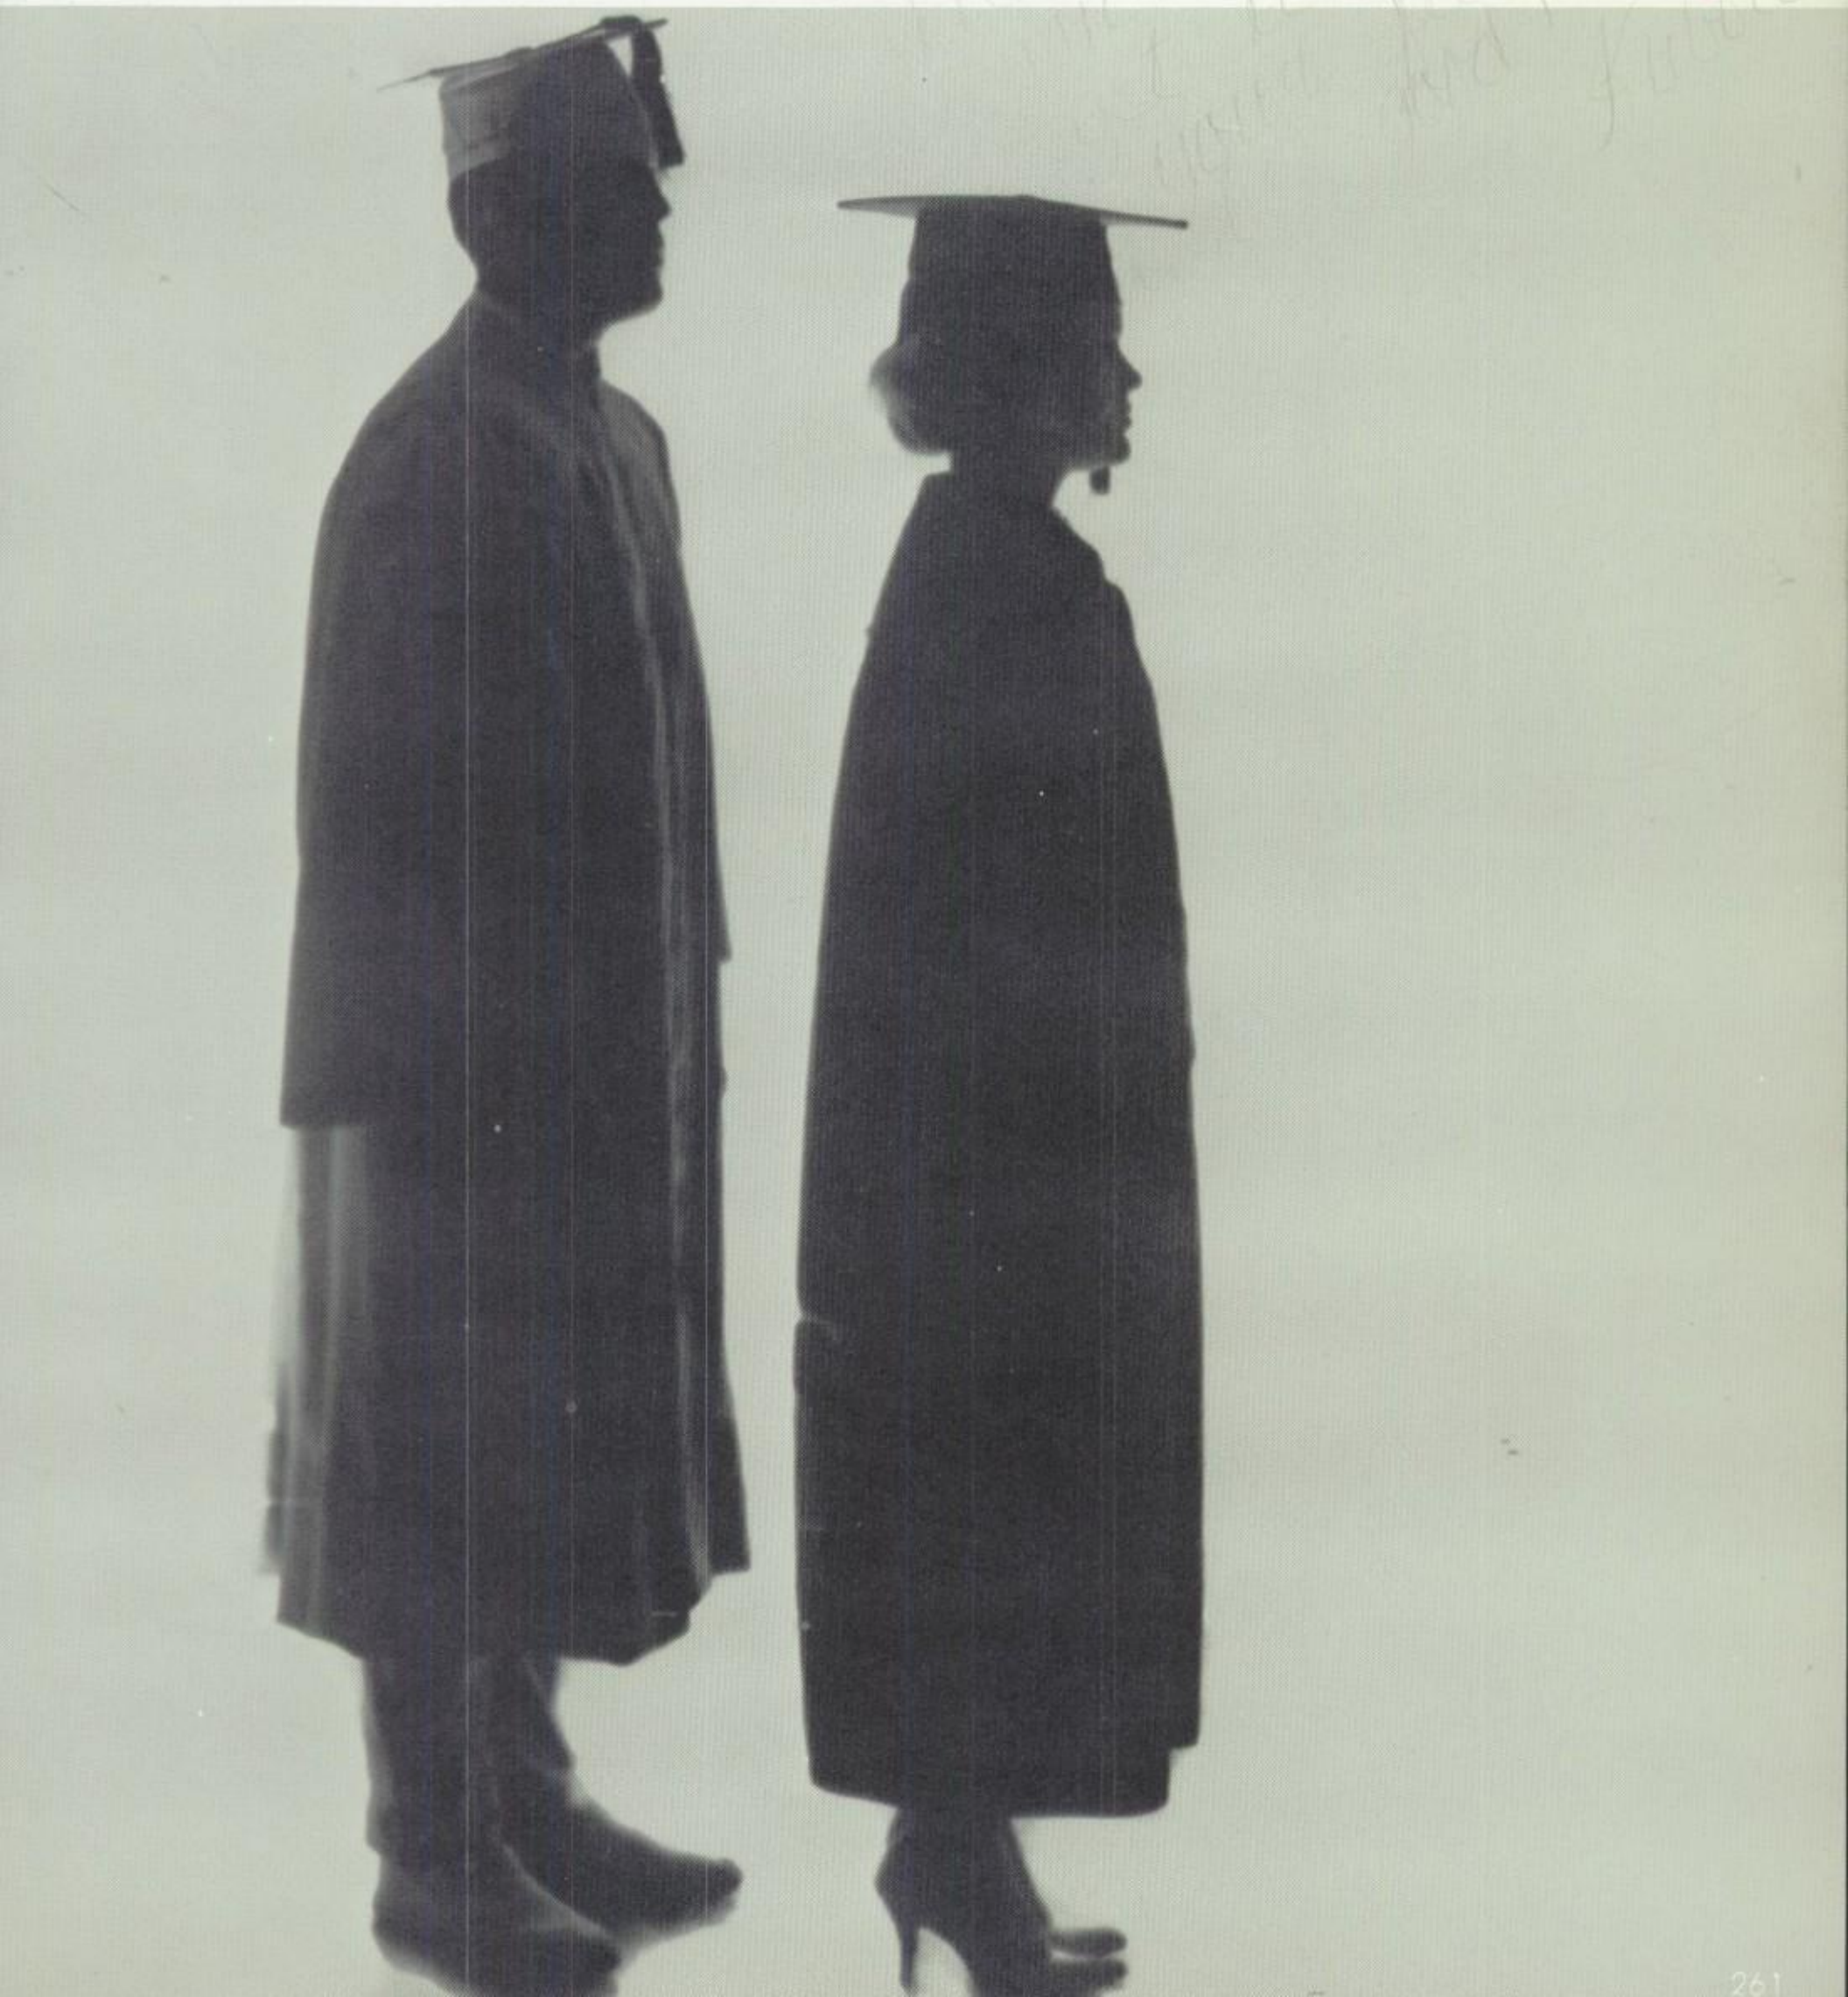
First dance, first date,
first kiss, first driver's license
A souped up car
Coiners of slang—
Dancers of the twist,
shimmy, limbo
Inventors of fads,
sayings, excuses





One day you're King
The Magnificent one
    drifting along the pattern of life
Then returning with the tides
    a creature of gangling nerves
An amoeba caught in the turmoil
    of a virus attack
A calamity to all who come near
Changing to a raging tyrant, then a sultry stoic,
    a pessimist, an optimist
A stomp, a shout, an off tempo beat

It's graduation and a time to come out
and try your wings
to take your first flight
Throwing off rose colored glasses
to meet the strong day's light



Nancy,
To a real
sweet girl. Good
luck in the future
in whatever you do
Joyce Nakamura

Thanks

To my staff
who worked naming endless pictures
who typed copy at a moments' notice
who drew lay-out after lay-out
who insisted on printing pictures in
the best possible way
who put up with an editor that often
changed her mind at the last minute.

To our advisor, Mr. Lynch and our representative, Mr. Hodson,
whose patience and clear thinking
were indispensible during the
chaotic times before deadlines.

To Crete Studio
for their co-operation and help.

To the Flame
for the excellent publicity they
gave us.

To the many artists in the various grades
at LUHS that donated their priceless
little sketches to make our book more
interesting.

To Delphine for her wonderful poem "The Teen Age."

To the students and teachers
who were understanding and gave their
time when it was needed.

To a real nice girl. Have fun and lots of luck in the future.
Always
Judy Morton

And to my friends
for listening to the constant tales
of woe of an editor.

MERRY

Nancy
We've made
it through our
twelve years
together. Good
luck in the
future. Always
Janette

To one of those past
Seniors have loads of
fun this summer and
lots of luck in school
next year.
Arlene Mettler

Best of luck always,
Nancy. It was great
fun in Home Ec!
Margaret Colvin

Nancy:
Best of luck
to a real sweet girl.
It was fun knowing
you during these years. I
hope to see you in the future.
Love,
Alice Hasmons

Nancy—
There's too many
memories to put on
just one page and I haven't
even time to fill it, so just
remember all the good times and
forget the rest. Don't forget to write to
me next year. Good bless
Bonnie Neuhardt

To Remember

My friend draw up a chair
before you leave—if you must,
Glance thru these pages,
read the words which other friends have penned;
Then add some pearl of wisdom,
witty quip, or just your name,
To cheer my lonely hours
when your visits' at an end.
